1.8ml Dental Aspirating Syringe

\$4.00 per piece

Trade price from \$2.50
Minimum order 10 pieces

- ✓ Surgical-grade stainless steel
- ✓ Reusable, autoclavable
- ✓ OEM / private-label marking

ABOUT THIS INSTRUMENT

1.8ml Dental Aspirating Syringe — one of 4,770 instruments we manufacture ourselves rather than buy in. Every piece is hand-finished and inspected before it leaves the bench: joint action, tip alignment and surface finish are checked on each unit, not on a sample.

Listed at \$4.00, falling to \$2.50 at 10 pieces — about 38% off the single-unit price. Larger quantities are priced on request.

Tell us the quantity you actually need and we will price it, including quantities below the listed minimum.

Material	Stainless steel — we state the grade on your quotation
Reusable	Yes, autoclavable
Finish	Satin, mirror or black — your choice at order
Marking	Your logo or part number can be applied — ask us what is possible for this item
Lead time	Typically 15–30 days depending on quantity and marking

WI-34567690

1.8ml Dental Surgical Aspirating Syringe

\$5.00 per piece

Trade price from \$4.55
Minimum order 1 piece

- ✓ Surgical-grade stainless steel
- ✓ Reusable, autoclavable
- ✓ OEM / private-label marking

ABOUT THIS INSTRUMENT

1.8ml Dental Surgical Aspirating Syringe is a dental instrument we forge, grind and finish in our own Sialkot workshop. Every piece is hand-finished and inspected before it leaves the bench: joint action, tip alignment and surface finish are checked on each unit, not on a sample.

Listed at \$5.00, falling to \$4.55 at 1 piece — about 9% off the single-unit price. Larger quantities are priced on request.

Order it on its own or as part of a mixed shipment; we do not insist on a full container.

Material	Stainless steel — we state the grade on your quotation
Reusable	Yes, autoclavable
Finish	Satin, mirror or black — your choice at order
Marking	Your logo or part number can be applied — ask us what is possible for this item
Lead time	Typically 15–30 days depending on quantity and marking

WI-26146845

1.8ml Self-Aspirating Dental Anesthesia Syringe Stainless Steel Instruments

\$4.00 per piece

Trade price from \$2.50
Minimum order 10 pieces

- ✓ Surgical-grade stainless steel
- ✓ Reusable, autoclavable
- ✓ OEM / private-label marking

ABOUT THIS INSTRUMENT

1.8ml Self-Aspirating Dental Anesthesia Syringe Stainless Steel Instruments — one of 4,770 instruments we manufacture ourselves rather than buy in. Every piece is hand-finished and inspected before it leaves the bench: joint action, tip alignment and surface

finish are checked on each unit, not on a sample.

Listed at \$4.00, falling to \$2.50 at 10 pieces — about 38% off the single-unit price. Larger quantities are priced on request.

Small trial orders are welcome — most buyers start with a sample or a single carton before committing.

Material	Stainless steel — we state the grade on your quotation

ABOUT THIS INSTRUMENT

We manufacture 10 PCS Dental Orthodontic Pliers Set for dental, hygiene and oral surgery work — made from bar stock to finished instrument in house. Instruments of this type grip, bend or cut wire, pins and hard material. Supplied as a 10-piece set.

We can add, drop or substitute items so the tray matches your protocol rather

than ours. Each unit is inspected by hand for alignment and action before packing, and we can photograph your actual pieces before they ship. Listed at \$38.00, falling to \$22.00 at 1 set — about 42% off the single-unit price.

Larger quantities are priced on request. Samples go out on request so you can check the steel and the finish before you place a real order.

Material	Stainless steel — we state the grade on your quotation
Reusable	Yes, autoclavable
Finish	Satin, mirror or black — your choice at order
Marking	Your logo or part number can be applied — ask us what is possible for this item
Lead time	Typically 15–30 days depending on quantity and marking

10pcs Dental Lab Hand Tools Set

\$8.00 per piece

Trade price from \$3.50
Minimum order 10 pieces

- ✓ Surgical-grade stainless steel
- ✓ Reusable, autoclavable
- ✓ OEM / private-label marking

ABOUT THIS INSTRUMENT

This is our pattern of 10pcs Dental Lab Hand Tools Set, made for dental, hygiene and oral surgery work. Instruments of this type make precise incisions and separate tissue planes. Supplied as a 10-piece set.

We can add, drop or substitute items so the tray matches your protocol rather than ours. Forging, milling, heat

treatment, hand finishing and passivation all happen under one roof, which is why we can change a dimension or a finish without a tooling charge. Listed at \$8.00, falling to \$3.50 at 10 pieces — about 56% off the single-unit price.

Larger quantities are priced on request. We ship door to door worldwide, and can quote DDP if you would rather not handle the import yourself.

Material	Stainless steel — we state the grade on your quotation
Reusable	Yes, autoclavable
Finish	Satin, mirror or black — your choice at order

2 Beyer Rongeurs Double Action 7" Straight & Curved 3.5mm Bite

\$69.99 per piece

Trade price from \$64.39
Minimum order 21 pieces

- ✓ Surgical-grade stainless steel
- ✓ Reusable, autoclavable
- ✓ OEM / private-label marking

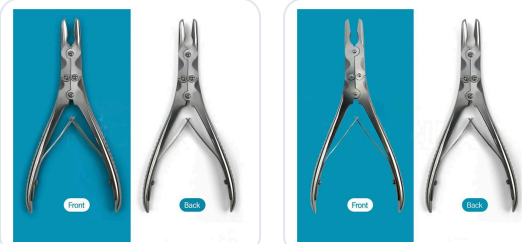

Pack of 2 Beyer Bone Rongeurs 7" (17.8cm) Slight Curved & Straight Jaws 3.5mm Wide Bite Size Double Action Dental, Orthopedic, Neurosurgery Instrument.

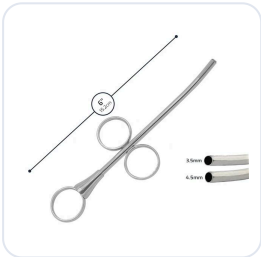

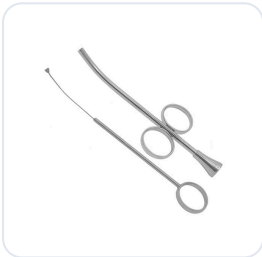

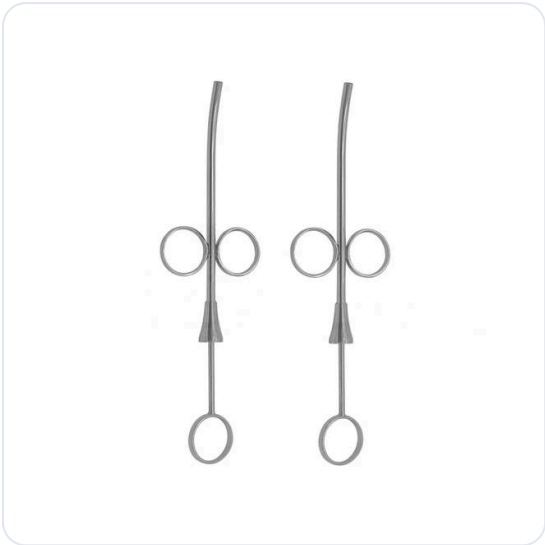

Beyer Rongeur is a end-cutting rongeurs used for trimming and recontouring alveolar bone and gross tissue removal. Beyer Bone Rongeur is used for the removal of sharp edges of the alveolar crest of the bone following tooth extraction. Bone Rongeur has extraction forceps or pliers like design terminating at the distal end with sharp edges. Scoop shaped jaws of Bone Rongeur attached to strong and sprung(self-opening) pivoted or multi pivoted handles. When the handles are squeezed together, it closes the Bone

Rongeur jaws that bite(cut) through the bone tissue.

Beyer Bone Rongeurs has compound joint design and 3.5mm wide jaws with sharp-edged having curved outline and scoop-shaped surfaces offers greater leverage, making cutting more efficient. Beyer Bone Rongeur comes with plier style grip handles with a double spring mechanism that minimizes fatigue and provides surgical comfort. This specialized surgical tool commonly used by orthopedic and neurosurgeons for cutting of small pieces of bone and other adnexal tissue, in order to gain access to the tissues underlying the desired bone surface.

5.5" Razor Edge J2 Japanese Stainless Steel Plastic Sharp

\$15.00 per piece

Trade price from \$12.00
Minimum order 10 sets

- ✓ Surgical-grade stainless steel
- ✓ Reusable, autoclavable
- ✓ OEM / private-label marking

ABOUT THIS INSTRUMENT

5.5" Razor Edge J2 Japanese Stainless Steel Plastic Sharp is a scissor we forge, grind and finish in our own Sialkot workshop. Instruments of this type cut tissue, suture or dressing material cleanly along a controlled line. The name tells you what you are getting: sharp points for precise penetration.

We work the instrument by hand at the finishing stage — box locks, hinges and tips are set individually, which is what separates a good instrument from a cheap one. Listed at \$15.00, falling to \$12.00 at 10 sets — about 20% off the single-unit price. Larger quantities are priced on request.

Order it on its own or as part of a mixed shipment; we do not insist on a full container.

Material	Stainless steel — we state the grade on your quotation
Reusable	Yes, autoclavable
Finish	Satin, mirror or black — your choice at order

6 Pcs Set of Miller Dental Tooth Extracting Right-Left Elevators Potts Elevator East-West Rounded Blades Dental Surgical Instruments

the bones around them. The thin and sharp working end is used to sever the periodontal ligament so the tooth can be easily and swiftly extracted.

Elevators (also known as Luxators) are Oral Surgical Instruments used in dental extractions. They may be used to loosen teeth prior to forceps extraction, to remove roots or impacted teeth, when teeth are compromised and susceptible to fracture, or when they are malpositioned and cannot be reached with forceps. Most commonly, an elevator consist of three parts; Handle, Shank and a Blade which is the working end of the instrument. Winged Elevators have a thin end design that is ideal for tooth elevation and extraction. These instruments are used to exert immense force on the dental roots and

6.5 Inch Stainless Steel Salon Right-Handed Foldable

\$10.00 per piece

Trade price from \$7.00
Minimum order 25 pieces

- ✓ Surgical-grade stainless steel
- ✓ Reusable, autoclavable
- ✓ OEM / private-label marking

ABOUT THIS INSTRUMENT

6.5 Inch Stainless Steel Salon Right-Handed Foldable is a scissor we forge, grind and finish in our own Sialkot workshop. Instruments of this type cut tissue, suture or dressing material cleanly along a controlled line. The 6.5" size shown is our standard; other sizes in the same pattern are made to order.

Every piece is hand-finished and inspected before it leaves the bench: joint action, tip alignment and surface finish are checked on each unit, not on a sample. Listed at \$10.00, falling to \$7.00 at 25 pieces — about 30% off the single-unit price. Larger quantities are priced on request.

Samples go out on request so you can check the steel and the finish before you place a real order.

Material	Stainless steel — we state the grade on your quotation
Reusable	Yes, autoclavable
Finish	Satin, mirror or black — your choice at order
Marking	Your logo or part number can be applied — ask us what is possible for this item
Lead time	Typically 15–30 days depending on quantity and marking

6.5" Stainless Steel Razor Edge Barber Beauty Thinning

\$4.50 per piece

Trade price from \$1.99
Minimum order 10 pieces

- ✓ Surgical-grade stainless steel
- ✓ Reusable, autoclavable
- ✓ OEM / private-label marking

ABOUT THIS INSTRUMENT

6.5" Stainless Steel Razor Edge Barber Beauty Thinning is part of our dental instruments range, produced start to finish at our Sialkot facility. Instruments of this type cut tissue, suture or dressing material cleanly along a controlled line. The steel is heat treated and passivated for corrosion resistance, then each instrument is

checked by hand for jaw meet, smooth action and finish.

We state the grade we used on your quotation. Listed at \$4.50, falling to \$1.99 at 10 pieces — about 56% off the single-unit price. Larger quantities are priced on request.

Order it on its own or as part of a mixed shipment; we do not insist on a full container.

6-Inch Straight Stainless Steel Barber Hair Cutting Thinning

\$4.50 per piece

Trade price from \$1.99
Minimum order 2 pieces

- ✓ Surgical-grade stainless steel
- ✓ Reusable, autoclavable
- ✓ OEM / private-label marking

ABOUT THIS INSTRUMENT

We manufacture 6-Inch Straight Stainless Steel Barber Hair Cutting Thinning for dental, hygiene and oral surgery work — made from bar stock to finished instrument in house.

Instruments of this type cut tissue, suture or dressing material cleanly along a controlled line. The name tells you what you are getting: a straight working end for direct, in-line access.

The 6" size shown is our standard; other sizes in the same pattern are

made to order. We work the instrument by hand at the finishing stage — box locks, hinges and tips are set individually, which is what separates a good instrument from a cheap one. Listed at \$4.50, falling to \$1.99 at 2 pieces — about 56% off the single-unit price.

Larger quantities are priced on request. We ship door to door worldwide, and can quote DDP if you would rather not handle the import yourself.

Adjustable Japanese Stainless Steel Right-Handed Foldable Barber Scissors Sharp

\$4.00 per piece

Trade price from \$1.99
Minimum order 10 pieces

- ✓ Surgical-grade stainless steel
- ✓ Reusable, autoclavable
- ✓ OEM / private-label marking

ABOUT THIS INSTRUMENT

We manufacture Adjustable Japanese Stainless Steel Right-Handed Foldable Barber Scissors Sharp for dental, hygiene and oral surgery work — made from bar stock to finished instrument in house. Instruments of this type cut tissue, suture or dressing material cleanly along a controlled line. The name tells you what you are getting: sharp points for precise penetration.

Forging, milling, heat treatment, hand finishing and passivation all happen under one roof, which is why we can change a dimension or a finish without a tooling charge. Listed at \$4.00, falling to \$1.99 at 10 pieces — about 50% off the single-unit price. Larger quantities are priced on request.

Order it on its own or as part of a mixed shipment; we do not insist on a full container.

**WI-70004022****Beyer Bone Rongeur 7" (17.8cm) Slight Curved Jaws 3.5mm Wide****\$39.99** per pieceTrade price from **\$36.79**

Minimum order 21 pieces

- ✓ Surgical-grade stainless steel
- ✓ Reusable, autoclavable
- ✓ OEM / private-label marking

Beyer Bone Rongeur 7" (17.8cm) Slight Curved Jaws 3.5mm Wide Bite Size Double Action Dental, Orthopedic, Neurosurgery Instrument.

Beyer Rongeur is a end-cutting rongeurs used for trimming and recontouring alveolar bone and gross tissue removal. Beyer Bone Rongeur is used for the removal of sharp edges of the alveolar crest of the bone following tooth extraction. Bone Rongeur has extraction forceps or pliers like design terminating at the distal end with sharp edges. Scoop shaped jaws of Bone Rongeur attached to strong and sprung(self-opening) pivoted or multi pivoted handles. When the handles are squeezed together, it closes the Bone Rongeur jaws that bite(cut) through the bone tissue.

Beyer Bone Rongeurs has compound joint design and 3.5mm wide jaws with sharp-edged having curved outline and scoop-shaped surfaces offers greater leverage, making cutting more efficient. Beyer Bone Rongeur comes with plier style grip handles with a double spring mechanism that minimizes fatigue and provides surgical comfort. This specialized surgical tool commonly used by orthopedic and neurosurgeons for cutting of small pieces of bone and other adnexal tissue, in order to gain access to the tissues underlying the desired bone surface.

BEYER BONE RONGEURS

- Crafted with 7" (17.8cm) Overall Length.
- 3.5mm Bite.
- Slightly Curved Jaws.

Bone Graft Syringe 2.5mm Stainless Steel Implant Dental Surgical Instruments

Bone grafting is a surgical procedure that replaces missing bone in order to repair bone fractures that are extremely complex, pose a significant health risk to the patient, or fail to heal properly. Bone Grafting Syringe is most commonly used in grafting procedures. Bone Grafting Syringe has a ring handle. It is slightly curved at the end providing better access for the placement of graft material. Simply place the graft material on the funnel side of the syringe, using the ring handle with a condenser to distribute the graft material through the bellows of the syringe.

HIGH-QUALITY CONSTRUCTION: The bone graft syringe is made from premium-grade stainless steel, which ensures its durability and longevity. **ERGONOMIC DESIGN:** The syringe is designed with ergonomic considerations, making it comfortable and easy to use during procedures. **EASY-TO-USE:** The syringe is easy to load and unload, with a simple mechanism that allows for precise control over the amount of material being dispensed. **VERSATILE:** The syringe is suitable for use with a variety of bone graft materials, making it a versatile tool for dental professionals. **PRECISE CONTROL:** The syringe allows for precise control over the placement and amount of bone graft material,

Bone Graft Syringe 3.5mm Stainless Steel Implant Dental Surgical Instruments

Bone grafting is a surgical procedure that replaces missing bone in order to repair bone fractures that are extremely complex, pose a significant health risk to the patient, or fail to heal properly. Bone Grafting Syringe most commonly used in grafting procedures. This Syringe has a ring handle. It is slightly curved at the end providing better access for the placement of graft material. Simply place the graft material on the funnel side of the syringe, using the ring handle with a condenser to distribute the graft material through the bellows of the syringe.

HIGH-QUALITY CONSTRUCTION: The bone graft syringe is made from premium-grade stainless steel, which ensures its durability and longevity. **ERGONOMIC DESIGN:** The syringe is designed with ergonomic considerations, making it comfortable and easy to use during procedures. **EASY-TO-USE:** It is easy to load and unload, with a simple mechanism that allows for precise control over the amount of material being dispensed. **VERSATILE:** The Bone Grafting Syringe is suitable for use with a variety of bone graft materials, making it a versatile tool for dental professionals. **PRECISE CONTROL:** The syringe allows for precise control over the placement and amount of bone graft material, ensuring accurate placement and optimal results.

Brand Name A+ Stainless Steel Thinning Scissors

\$4.50 per piece

Trade price from \$1.99
Minimum order 2 pieces

- ✓ Surgical-grade stainless steel
- ✓ Reusable, autoclavable
- ✓ OEM / private-label marking

ABOUT THIS INSTRUMENT

We manufacture Brand Name A+ Stainless Steel Thinning Scissors for dental, hygiene and oral surgery work — made from bar stock to finished instrument in house. Instruments of this type cut tissue, suture or dressing material cleanly along a controlled line.

Forging, milling, heat treatment, hand finishing and passivation all happen

under one roof, which is why we can change a dimension or a finish without a tooling charge. Listed at \$4.50, falling to \$1.99 at 2 pieces — about 56% off the single-unit price.

Larger quantities are priced on request. Samples go out on request so you can check the steel and the finish before you place a real order.

Material	Stainless steel — we state the grade on your quotation

Cleveland Rongeur #4 5.5" (14cm)
Slightly Curved Sharp End-Cutting Tips
with Spring Handle Premium Quality
Stainless Steel for Dental, ENT,
Orthopedic.

#4 cleveland bone rongeur is a 5.5-inch
surgical tool with sharp-edged, cupped
tips, designed for cutting, trimming, and
shaping hard bone, as well as removing
small bony spicules and fibrous tissue.

It is primarily utilized in dental, oral
surgery, and orthopedic procedures,
including alveolar bone contouring,
gross tissue removal, and surgical
sculpting for preparing bone sites for
healing or implants. The ergonomic
double-spring handle mechanism
designed for controlled opening and
closing and reduces hand fatigue.
Constructed from surgical-grade

stainless steel, ensuring durability and
effectiveness in surgical procedures.

**4 CLEVELAND RONGEURS
FEATURES**

- 5.5 Inches (14cm) Overall Length.
- Slightly Curved Beaks.
- Sharp End-cutting Tips Design to
Access Tight Surgical Area
- Spring-action Plier Grip Handles for
Improving Grip and Reducing Hand
Fatigue.
- Designed for Trimming, Sculpting,
and Recontouring Alveolar Bone or
Small Bone Fragments.
- Completely Sterilizable.
- Made With Premium Grade Stainless
Steel.

Cleveland Rongeur #4A 6.5" (16.5cm)
Slightly Angled Sharp End-Cutting Tips
with Spring Handle Premium Quality
Stainless Steel for Dental, ENT,
Orthopedic.

4A Cleveland bone rongeur is a 6.5"
heavy-duty surgical instrument
designed for trimming and contouring
alveolar bone, particularly during
dental, oral, and periodontal surgeries.
Its primary uses include alveoloplasty,
dental implants, bone grafting, and
gross tissue removal. 4A Cleveland
rongeur features a slightly angled jaws
for enhanced visibility in tight spaces,
end-cutting action for precise trimming,
and a spring/hinged handle that
minimizes hand fatigue during use.
Constructed from surgical-grade

stainless steel, ensuring durability and
effectiveness in surgical procedures.

\$1.90 per piece

Trade price from \$1.50
Minimum order 25 pieces

- ✓ Surgical-grade stainless steel
- ✓ Reusable, autoclavable
- ✓ OEM / private-label marking

ABOUT THIS INSTRUMENT

Crown and Collar Surgical Scissors Steel Dental Instrument Set is part of our dental instruments range, produced start to finish at our Sialkot facility. Instruments of this type cut tissue, suture or dressing material cleanly along a controlled line. Supplied as a set — the contents can be adjusted to your list.

We work the instrument by hand at the finishing stage — box locks, hinges and tips are set individually, which is what separates a good instrument from a cheap one. Listed at \$1.90, falling to \$1.50 at 25 pieces — about 21% off the single-unit price. Larger quantities are priced on request.
Small trial orders are welcome — most buyers start with a sample or a single carton before committing.

Dental Light Wire Pliers Stainless Steel Orthodontic Instrument — one of 4,770 instruments we manufacture ourselves rather than buy in. Instruments of this type grip, bend or cut wire, pins and hard material.

Forging, milling, heat treatment, hand finishing and passivation all happen

under one roof, which is why we can change a dimension or a finish without a tooling charge. Listed at \$8.00, falling to \$0.90 at 10 pieces — about 89% off the single-unit price.

Larger quantities are priced on request. Order it on its own or as part of a mixed shipment; we do not insist on a full container.

Material	Stainless steel — we state the grade on your quotation
Reusable	Yes, autoclavable
Finish	Satin, mirror or black — your choice at order
Marking	Your logo or part number can be applied — ask us what is possible for this item
Lead time	Typically 15–30 days depending on quantity and marking

WI-16710071

Dental Mathieu Needle Holder 14cm (5.5'')

\$4.00 per piece

Trade price from **\$2.50**
Minimum order 1 piece

- ✓ Surgical-grade stainless steel
- ✓ Reusable, autoclavable
- ✓ OEM / private-label marking

ABOUT THIS INSTRUMENT

We manufacture Dental Mathieu Needle Holder 14cm (5.5'') for dental, hygiene and oral surgery work — made from bar stock to finished instrument in house. Instruments of this type grip a suture needle firmly through the full arc of a stitch. The 14cm size shown is our standard; other sizes in the same pattern are made to order.

The steel is heat treated and passivated for corrosion resistance, then each instrument is checked by hand for jaw meet, smooth action and finish. We state the grade we used on your quotation. Listed at \$4.00, falling to \$2.50 at 1 piece — about 38% off the single-unit price.

Larger quantities are priced on request. Order it on its own or as part of a mixed shipment; we do not insist on a full container.

Material	Stainless steel — we state the grade on your quotation
Reusable	Yes, autoclavable
Finish	Satin, mirror or black — your choice at order

Dental Orthodontic Mathieu Needle Holder Anti-Acid

\$7.20 per piece

Trade price from \$3.60
Minimum order 10 pieces

- ✓ Surgical-grade stainless steel
- ✓ Reusable, autoclavable
- ✓ OEM / private-label marking

ABOUT THIS INSTRUMENT

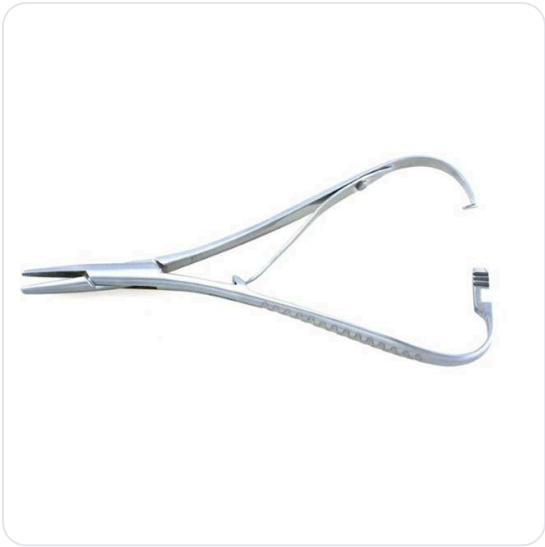

We manufacture Dental Orthodontic Mathieu Needle Holder Anti-Acid for dental, hygiene and oral surgery work — made from bar stock to finished instrument in house. Instruments of this type grip a suture needle firmly through the full arc of a stitch.

Every piece is hand-finished and inspected before it leaves the bench:

joint action, tip alignment and surface finish are checked on each unit, not on a sample. Listed at \$7.20, falling to \$3.60 at 10 pieces — about 50% off the single-unit price.

Larger quantities are priced on request. Small trial orders are welcome — most buyers start with a sample or a single carton before committing.

\$10.00 per piece

Trade price from \$5.00
Minimum order 10 sets

- ✓ Surgical-grade stainless steel
- ✓ Reusable, autoclavable
- ✓ OEM / private-label marking

ABOUT THIS INSTRUMENT

We manufacture Dental Pliers Plaster Nippers Cutter Dentist Lab Equipment Serrated for dental, hygiene and oral surgery work — made from bar stock to finished instrument in house. Instruments of this type make precise incisions and separate tissue planes. The name tells you what you are getting: serrated jaws for grip that does not slip under tension.

Forging, milling, heat treatment, hand finishing and passivation all happen under one roof, which is why we can change a dimension or a finish without a tooling charge. Listed at \$10.00, falling to \$5.00 at 10 sets — about 50% off the single-unit price. Larger quantities are priced on request.

We ship door to door worldwide, and can quote DDP if you would rather not handle the import yourself.

Dental Retractors rate surgical instruments set

\$11.00 per piece

Trade price from \$8.00
Minimum order 25 pieces

- ✓ Surgical-grade stainless steel
- ✓ Reusable, autoclavable
- ✓ OEM / private-label marking

ABOUT THIS INSTRUMENT

We manufacture Dental Retractors rate surgical instruments set for dental, hygiene and oral surgery work — made from bar stock to finished instrument in house. Instruments of this type hold a wound or cavity open so the operating field stays visible. Supplied as a set — the contents can be adjusted to your list.

We work the instrument by hand at the finishing stage — box locks, hinges and tips are set individually, which is what separates a good instrument from a cheap one. Listed at \$11.00, falling to \$8.00 at 25 pieces — about 27% off the single-unit price. Larger quantities are priced on request.

Order it on its own or as part of a mixed shipment; we do not insist on a full container.

Howe Crown Orthodontic Pliers Dental Instrument

\$6.00 per piece

Trade price from \$0.90
Minimum order 1 piece

- ✓ Surgical-grade stainless steel
- ✓ Reusable, autoclavable
- ✓ OEM / private-label marking

ABOUT THIS INSTRUMENT

Howe Crown Orthodontic Pliers Dental Instrument is a pliers & cutter we forge, grind and finish in our own Sialkot workshop. Instruments of this type grip, bend or cut wire, pins and hard material. The steel is heat treated and passivated for corrosion resistance, then each instrument is checked by

hand for jaw meet, smooth action and finish.

We state the grade we used on your quotation. Listed at \$6.00, falling to \$0.90 at 1 piece — about 85% off the single-unit price. Larger quantities are priced on request.

Small trial orders are welcome — most buyers start with a sample or a single carton before committing.

Material	Stainless steel — we state the grade on your quotation
Reusable	Yes, autoclavable

Howe Crown Orthodontic Pliers Stainless Steel Dental Tool

\$9.00 per piece

Trade price from \$0.90
Minimum order 10 pieces

- ✓ Surgical-grade stainless steel
- ✓ Reusable, autoclavable
- ✓ OEM / private-label marking

ABOUT THIS INSTRUMENT

We manufacture Howe Crown Orthodontic Pliers Stainless Steel Dental Tool for dental, hygiene and oral surgery work — made from bar stock to finished instrument in house. Instruments of this type grip, bend or cut wire, pins and hard material.

We work the instrument by hand at the finishing stage — box locks, hinges and

tips are set individually, which is what separates a good instrument from a cheap one. Listed at \$9.00, falling to \$0.90 at 10 pieces — about 90% off the single-unit price.

Larger quantities are priced on request. Tell us the quantity you actually need and we will price it, including quantities below the listed minimum.

Micro Friedman Bone Rongeur 5.5" (14cm) 15° Curved 1.3mm Jaws with Spring Action Plier Grip Handle Premium Quality Stainless Steel Periodontal, Oral, Maxillofacial and Microsurgery Procedures.

Micro Friedman rongeur is a specialized surgical instrument featuring scoop-shaped, sharp tips, commonly used in periodontal, oral, and maxillofacial procedures. Primarily designed for cutting, trimming, and reshaping small pieces of soft bone or fibrous tissue, particularly in tight spaces. Micro Friedman features a fine 1.3mm sharp edge jaws and a double spring plier grip handle, reducing hand fatigue and improving control. Its 15-degree curved profiles allow for navigation of tight anatomical angles

while protecting surrounding structures during precision microsurgery procedures. These stainless steel bone rongeurs are durable, effective for surgical procedures, and can withstand repeated use due to their sterilizable properties.

MICRO FRIEDMAN BONE RONGEUR FEATURES

- 5.5 Inches (14cm) Overall Length.
- 1.3mm Scoop-shaped Cutting Tips.
- 15° Angled Curved Jaws Enhance Visibility and Accessibility in Narrow Surgical Fields.
- Spring-action Plier Grip Handles for Improving Grip and Reducing Hand Fatigue.

Olsen Hegar Dental Needle Holder Tungsten Carbide Jaws

\$10.00 per piece

Trade price from **\$7.00**
Minimum order 10 pieces

- ✓ Surgical-grade stainless steel
- ✓ Reusable, autoclavable
- ✓ OEM / private-label marking

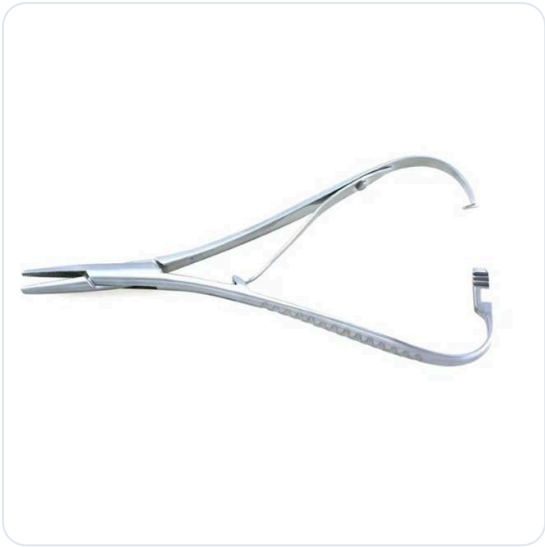

ABOUT THIS INSTRUMENT

Olsen Hegar Dental Needle Holder Tungsten Carbide Jaws — one of 4,770 instruments we manufacture ourselves rather than buy in. Instruments of this type grip a suture needle firmly through the full arc of a stitch. The name tells you what you are getting: tungsten carbide inserts for a longer cutting life.

Each unit is inspected by hand for alignment and action before packing, and we can photograph your actual pieces before they ship. Listed at \$10.00, falling to \$7.00 at 10 pieces — about 30% off the single-unit price. Larger quantities are priced on request.

Tell us the quantity you actually need and we will price it, including quantities below the listed minimum.

Material	Stainless steel — we state the grade on your quotation
Reusable	Yes, autoclavable
Finish	Satin, mirror or black — your choice at order
Marking	Your logo or part number can be applied — ask us what is possible for this item
Lead time	Typically 15–30 days depending on quantity and marking

WI-29083685

Orthodontic Dental Anti-Acid Stainless Steel Needle

\$7.20 per piece

Trade price from \$3.60
Minimum order 10 pieces

- ✓ Surgical-grade stainless steel
- ✓ Reusable, autoclavable
- ✓ OEM / private-label marking

ABOUT THIS INSTRUMENT

Orthodontic Dental Anti-Acid Stainless Steel Needle — one of 4,770 instruments we manufacture ourselves rather than buy in. Instruments of this type grip a suture needle firmly through the full arc of a stitch.

Every piece is hand-finished and inspected before it leaves the bench:

joint action, tip alignment and surface finish are checked on each unit, not on a sample. Listed at \$7.20, falling to \$3.60 at 10 pieces — about 50% off the single-unit price.

Larger quantities are priced on request. Small trial orders are welcome — most buyers start with a sample or a single carton before committing.

Material	Stainless steel — we state the grade on your quotation
Reusable	Yes, autoclavable
Finish	Satin, mirror or black — your choice at order
Marking	Your logo or part number can be applied — ask us what is possible for this item
Lead time	Typically 15–30 days depending on quantity and marking

Orthodontic Light Wire Pliers Dental Stainless Steel Tool

\$8.00 per piece

Trade price from \$0.90
Minimum order 10 pieces

- ✓ Surgical-grade stainless steel
- ✓ Reusable, autoclavable
- ✓ OEM / private-label marking

ABOUT THIS INSTRUMENT

Orthodontic Light Wire Pliers Dental Stainless Steel Tool is part of our dental instruments range, produced start to finish at our Sialkot facility. Instruments of this type grip, bend or cut wire, pins and hard material.

We work the instrument by hand at the finishing stage — box locks, hinges and

tips are set individually, which is what separates a good instrument from a cheap one. Listed at \$8.00, falling to \$0.90 at 10 pieces — about 89% off the single-unit price.

Larger quantities are priced on request. Order it on its own or as part of a mixed shipment; we do not insist on a full container.

\$55.00 per piece

Trade price from \$47.00
Minimum order 1 piece

- ✓ Surgical-grade stainless steel
- ✓ Reusable, autoclavable
- ✓ OEM / private-label marking

ABOUT THIS INSTRUMENT

We manufacture Retractor Insulated Fiber Optic Light Guide Suction for dental, hygiene and oral surgery work — made from bar stock to finished instrument in house. Instruments of this type hold a wound or cavity open so the operating field stays visible. The name tells you what you are getting: an insulated shaft for electrosurgical use.

Forging, milling, heat treatment, hand finishing and passivation all happen under one roof, which is why we can change a dimension or a finish without a tooling charge. Listed at \$55.00, falling to \$47.00 at 1 piece — about 15% off the single-unit price. Larger quantities are priced on request.

Order it on its own or as part of a mixed shipment; we do not insist on a full container.

Sarot Stainless Steel Needle Holder Serration Pitch Straight

\$10.00 per piece

Trade price from \$7.00
Minimum order 10 pieces

- ✓ Surgical-grade stainless steel
- ✓ Reusable, autoclavable
- ✓ OEM / private-label marking

ABOUT THIS INSTRUMENT

Sarot Stainless Steel Needle Holder Serration Pitch Straight is part of our dental instruments range, produced start to finish at our Sialkot facility. Instruments of this type grip a suture needle firmly through the full arc of a stitch. From the pattern: a straight working end for direct, in-line access, and serrated jaws for grip that does not slip under tension.

The steel is heat treated and passivated for corrosion resistance, then each instrument is checked by hand for jaw meet, smooth action and finish. We state the grade we used on your quotation. Listed at \$10.00, falling to \$7.00 at 10 pieces — about 30% off the single-unit price.

Scalpel Graduated Handle No. 3

\$0.95 per piece

Trade price from \$0.35
Minimum order 10 pieces

- ✓ Surgical-grade stainless steel
- ✓ Reusable, autoclavable
- ✓ OEM / private-label marking

ABOUT THIS INSTRUMENT

We manufacture Scalpel Graduated Handle No. 3 for dental, hygiene and oral surgery work — made from bar stock to finished instrument in house. Instruments of this type make precise incisions and separate tissue planes.

Forging, milling, heat treatment, hand finishing and passivation all happen

under one roof, which is why we can change a dimension or a finish without a tooling charge. Listed at \$0.95, falling to \$0.35 at 10 pieces — about 63% off the single-unit price. Larger quantities are priced on request.

Samples go out on request so you can check the steel and the finish before you place a real order.

Material	Stainless steel — we state the grade on your quotation
Reusable	Yes, autoclavable
Finish	Satin, mirror or black — your choice at order
Marking	Your logo or part number can be applied — ask us what is possible for this item

SELLING Dental Crown Remover Tooth Gripper

\$9.00 per piece

Trade price from \$6.00
Minimum order 1 piece

- ✓ Surgical-grade stainless steel
- ✓ Reusable, autoclavable
- ✓ OEM / private-label marking

ABOUT THIS INSTRUMENT

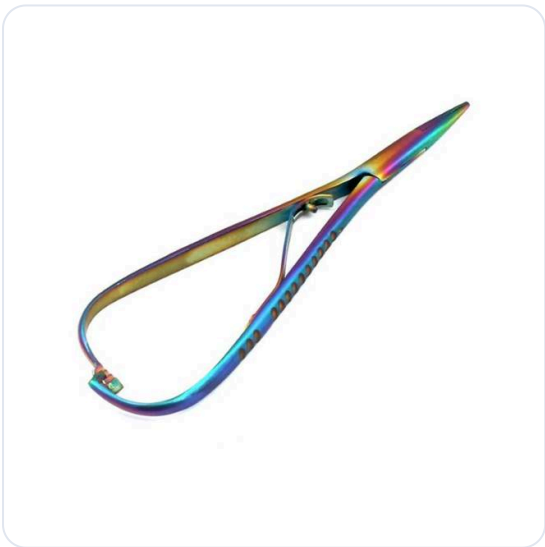

This is our pattern of SELLING Dental Crown Remover Tooth Gripper, made for dental, hygiene and oral surgery work. Instruments of this type grip, bend or cut wire, pins and hard material.

Every piece is hand-finished and inspected before it leaves the bench:

joint action, tip alignment and surface finish are checked on each unit, not on a sample. Listed at \$9.00, falling to \$6.00 at 1 piece — about 33% off the single-unit price.

Larger quantities are priced on request. Tell us the quantity you actually need and we will price it, including quantities below the listed minimum.

Material	Stainless steel — we state the grade on your quotation
Reusable	Yes, autoclavable
Finish	Satin, mirror or black — your choice at order

Silver Black Mathieu Needle Holder Dental Orthodontic Tool

\$4.00 per piece

Trade price from \$2.00
Minimum order 10 pieces

- ✓ Surgical-grade stainless steel
- ✓ Reusable, autoclavable
- ✓ OEM / private-label marking

ABOUT THIS INSTRUMENT

Silver Black Mathieu Needle Holder Dental Orthodontic Tool is a needle holder we forge, grind and finish in our own Sialkot workshop. Instruments of this type grip a suture needle firmly through the full arc of a stitch.

Each unit is inspected by hand for alignment and action before packing,

and we can photograph your actual pieces before they ship. Listed at \$4.00, falling to \$2.00 at 10 pieces — about 50% off the single-unit price.

Larger quantities are priced on request. We ship door to door worldwide, and can quote DDP if you would rather not handle the import yourself.

Material	Stainless steel — we state the grade on your quotation
Reusable	Yes, autoclavable
Finish	Satin, mirror or black — your choice at order
Marking	Your logo or part number can be applied — ask us what is possible for this item

Stainless Steel 6CR13 A+ Thinning Scissors

\$4.50 per piece

Trade price from \$1.99
Minimum order 2 pieces

- ✓ Surgical-grade stainless steel
- ✓ Reusable, autoclavable
- ✓ OEM / private-label marking

ABOUT THIS INSTRUMENT

We manufacture Stainless Steel 6CR13 A+ Thinning Scissors for dental, hygiene and oral surgery work — made from bar stock to finished instrument in house. Instruments of this type cut tissue, suture or dressing material cleanly along a controlled line.

We work the instrument by hand at the finishing stage — box locks, hinges and

tips are set individually, which is what separates a good instrument from a cheap one. Listed at \$4.50, falling to \$1.99 at 2 pieces — about 56% off the single-unit price.

Larger quantities are priced on request. Small trial orders are welcome — most buyers start with a sample or a single carton before committing.

Stainless Steel First Aid Dressing Scissors
Surgical Dental Medical

\$1.60 per piece

Trade price from \$1.30
Minimum order 10 pieces

- ✓ Surgical-grade stainless steel
- ✓ Reusable, autoclavable
- ✓ OEM / private-label marking

ABOUT THIS INSTRUMENT

We manufacture Stainless Steel First Aid Dressing Scissors Surgical Dental Medical for dental, hygiene and oral surgery work — made from bar stock to finished instrument in house. Instruments of this type cut tissue, suture or dressing material cleanly along a controlled line. The steel is heat treated and passivated for corrosion resistance, then each instrument is

checked by hand for jaw meet, smooth action and finish.

We state the grade we used on your quotation. Listed at \$1.60, falling to \$1.30 at 10 pieces — about 19% off the single-unit price. Larger quantities are priced on request.

Order it on its own or as part of a mixed shipment; we do not insist on a full container.

Material	Stainless steel — we state the grade on your quotation
Reusable	Yes, autoclavable
Finish	Satin, mirror or black — your choice at order
Marking	Your logo or part number can be applied — ask us what is possible for this item
Lead time	Typically 15–30 days depending on quantity and marking

WI-30796403

Stainless Steel Gum Scissors Curved Straight

\$0.70 per piece

Minimum order 10 pieces

- ✓ Surgical-grade stainless steel
- ✓ Reusable, autoclavable
- ✓ OEM / private-label marking

ABOUT THIS INSTRUMENT

We manufacture Stainless Steel Gum Scissors Curved Straight for dental, hygiene and oral surgery work — made from bar stock to finished instrument in house. Instruments of this type cut tissue, suture or dressing material cleanly along a controlled line. From the pattern: a curved working end for reach around structures, and a straight working end for direct, in-line access.

We work the instrument by hand at the finishing stage — box locks, hinges and tips are set individually, which is what separates a good instrument from a cheap one. Listed at \$0.70. Minimum order 10 pieces, and the price moves with quantity.

Order it on its own or as part of a mixed shipment; we do not insist on a full container.

Material	Stainless steel — we state the grade on your quotation
Reusable	Yes, autoclavable
Finish	Satin, mirror or black — your choice at order
Marking	Your logo or part number can be applied — ask us what is possible for this item
Lead time	Typically 15–30 days depending on quantity and marking

WI-26810883

Stainless Steel Hair Thinning Scissors Blunt Tip 32

\$4.50 per piece

Trade price from \$1.99
Minimum order 10 pieces

- ✓ Surgical-grade stainless steel
- ✓ Reusable, autoclavable
- ✓ OEM / private-label marking

ABOUT THIS INSTRUMENT

Stainless Steel Hair Thinning Scissors Blunt Tip 32 is part of our dental instruments range, produced start to finish at our Sialkot facility. Instruments of this type cut tissue, suture or dressing material cleanly along a controlled line. The name tells you what you are getting: blunt tips for atraumatic handling.

Forging, milling, heat treatment, hand finishing and passivation all happen under one roof, which is why we can change a dimension or a finish without a tooling charge. Listed at \$4.50, falling to \$1.99 at 10 pieces — about 56% off the single-unit price. Larger quantities are priced on request.

Tell us the quantity you actually need and we will price it, including quantities below the listed minimum.

Material	Stainless steel — we state the grade on your quotation
Reusable	Yes, autoclavable
Finish	Satin, mirror or black — your choice at order
Marking	Your logo or part number can be applied — ask us what is possible for this item

Stainless Steel Hemostat Kocher Forceps All Sizes Straight

\$1.43 per piece

Trade price from \$1.23
Minimum order 2 pieces

- ✓ Surgical-grade stainless steel
- ✓ Reusable, autoclavable
- ✓ OEM / private-label marking

ABOUT THIS INSTRUMENT

Stainless Steel Hemostat Kocher Forceps All Sizes Straight is part of our dental instruments range, produced start to finish at our Sialkot facility. Instruments of this type occlude a vessel or duct, or hold tissue and drapes securely in place. The name tells you what you are getting: a straight working end for direct, in-line access.

The steel is heat treated and passivated for corrosion resistance, then each instrument is checked by hand for jaw meet, smooth action and finish. We state the grade we used on your quotation. Listed at \$1.43, falling to \$1.23 at 2 pieces — about 14% off the single-unit price.

Larger quantities are priced on request. Samples go out on request so you can check the steel and the finish before you place a real order.

Material	Stainless steel — we state the grade on your quotation
Reusable	Yes, autoclavable
Finish	Satin, mirror or black — your choice at order
Marking	Your logo or part number can be applied — ask us what is possible for this item

\$4.50 per piece

Trade price from \$1.99
Minimum order 10 pieces

- ✓ Surgical-grade stainless steel
- ✓ Reusable, autoclavable
- ✓ OEM / private-label marking

ABOUT THIS INSTRUMENT

Stainless Steel Printed Flat Thinning Barber Scissors is a scissor we forge, grind and finish in our own Sialkot workshop. Instruments of this type cut tissue, suture or dressing material cleanly along a controlled line.

Every piece is hand-finished and inspected before it leaves the bench:

joint action, tip alignment and surface finish are checked on each unit, not on a sample. Listed at \$4.50, falling to \$1.99 at 10 pieces — about 56% off the single-unit price.

Larger quantities are priced on request. We ship door to door worldwide, and can quote DDP if you would rather not handle the import yourself.

Top-Grade Hairdressing Japanese Stainless Steel Barber Scissors Set — one of 4,770 instruments we manufacture ourselves rather than buy in. Instruments of this type cut tissue, suture or dressing material cleanly along a controlled line. Supplied as a set — the contents can be adjusted to your list.

Each unit is inspected by hand for alignment and action before packing, and we can photograph your actual pieces before they ship. Listed at \$4.00, falling to \$1.99 at 10 pieces — about 50% off the single-unit price. Larger quantities are priced on request.

Tell us the quantity you actually need and we will price it, including quantities below the listed minimum.

Material	Stainless steel — we state the grade on your quotation
Reusable	Yes, autoclavable
Finish	Satin, mirror or black — your choice at order
Marking	Your logo or part number can be applied — ask us what is possible for this item
Lead time	Typically 15–30 days depending on quantity and marking

Towel Clamps 4" Ball Socket Jaws

\$2.50 per piece

Trade price from \$1.50
Minimum order 25 pieces

- ✓ Surgical-grade stainless steel
- ✓ Reusable, autoclavable
- ✓ OEM / private-label marking

ABOUT THIS INSTRUMENT

This is our pattern of Towel Clamps 4" Ball Socket Jaws, made for dental, hygiene and oral surgery work. Instruments of this type occlude a vessel or duct, or hold tissue and drapes securely in place. The steel is heat treated and passivated for corrosion resistance, then each

instrument is checked by hand for jaw meet, smooth action and finish.

We state the grade we used on your quotation. Listed at \$2.50, falling to \$1.50 at 25 pieces — about 40% off the single-unit price. Larger quantities are priced on request.

Wax Knife Dental Laboratory Kit Stainless Steel Carvers

\$1.00 per piece

Trade price from \$0.70
Minimum order 10 sets

- ✓ Surgical-grade stainless steel
- ✓ Reusable, autoclavable
- ✓ OEM / private-label marking

ABOUT THIS INSTRUMENT

We manufacture Wax Knife Dental Laboratory Kit Stainless Steel Carvers for dental, hygiene and oral surgery work — made from bar stock to finished instrument in house. Instruments of this type make precise incisions and separate tissue planes. Supplied as a set — the contents can be adjusted to your list.

Every piece is hand-finished and inspected before it leaves the bench: joint action, tip alignment and surface finish are checked on each unit, not on a sample. Listed at \$1.00, falling to \$0.70 at 10 sets — about 30% off the single-unit price. Larger quantities are priced on request.

Samples go out on request so you can check the steel and the finish before you place a real order.

Wertheim Needle Holder S Shaped

\$10.00 per piece

Trade price from \$7.00
Minimum order 10 pieces

- ✓ Surgical-grade stainless steel
- ✓ Reusable, autoclavable
- ✓ OEM / private-label marking

ABOUT THIS INSTRUMENT

Wertheim Needle Holder S Shaped is part of our dental instruments range, produced start to finish at our Sialkot facility. Instruments of this type grip a suture needle firmly through the full arc of a stitch. The steel is heat treated and passivated for corrosion resistance, then each instrument is checked by

hand for jaw meet, smooth action and finish.

We state the grade we used on your quotation. Listed at \$10.00, falling to \$7.00 at 10 pieces — about 30% off the single-unit price. Larger quantities are priced on request.
