13 PCS Cataract Surgery Instrument Set

\$80.00 per piece

Trade price from **\$60.00**
Minimum order 1 piece

- ✓ Surgical-grade stainless steel
- ✓ Reusable, autoclavable
- ✓ OEM / private-label marking

ABOUT THIS INSTRUMENT

13 PCS Cataract Surgery Instrument Set — one of 4,770 instruments we manufacture ourselves rather than buy in. Instruments of this type cover a complete procedure in one tray, so nothing is missing at the table. Supplied as a 13-piece set.

We can add, drop or substitute items so the tray matches your protocol rather than ours. The steel is heat treated and

passivated for corrosion resistance, then each instrument is checked by hand for jaw meet, smooth action and finish. We state the grade we used on your quotation.

Listed at \$80.00, falling to \$60.00 at 1 piece — about 25% off the single-unit price. Larger quantities are priced on request. Tell us the quantity you actually need and we will price it, including quantities below the listed minimum.

Material	Stainless steel — we state the grade on your quotation
Reusable	Yes, autoclavable
Finish	Satin, mirror or black — your choice at order
Marking	Your logo or part number can be applied — ask us what is possible for this item
Lead time	Typically 15–30 days depending on quantity and marking

ABOUT THIS INSTRUMENT

13 PCS Cataract Surgical Instruments Set is an instrument set we forge, grind and finish in our own Sialkot workshop. Instruments of this type cover a complete procedure in one tray, so nothing is missing at the table. Supplied as a 13-piece set.

We can add, drop or substitute items so the tray matches your protocol rather than ours. We work the instrument by

hand at the finishing stage — box locks, hinges and tips are set individually, which is what separates a good instrument from a cheap one. Listed at \$80.00, falling to \$60.00 at 1 set — about 25% off the single-unit price.

Larger quantities are priced on request. Tell us the quantity you actually need and we will price it, including quantities below the listed minimum.

ABOUT THIS INSTRUMENT

13 PCS Stainless Steel Cataract Surgery is an instrument set we forge, grind and finish in our own Sialkot workshop. Instruments of this type cover a complete procedure in one tray, so nothing is missing at the table.

Each unit is inspected by hand for alignment and action before packing,

and we can photograph your actual pieces before they ship. Listed at \$80.00, falling to \$60.00 at 1 set — about 25% off the single-unit price.

Larger quantities are priced on request. Small trial orders are welcome — most buyers start with a sample or a single carton before committing.

- ✓ Reusable, autoclavable
- ✓ OEM / private-label marking

ABOUT THIS INSTRUMENT

15 PCS Endothelial Transplant Instrument Set is part of our eye instruments range, produced start to finish at our Sialkot facility. Instruments of this type cover a complete procedure in one tray, so nothing is missing at the table. Supplied as a 15-piece set.

We can add, drop or substitute items so the tray matches your protocol rather than ours. The steel is heat treated and

passivated for corrosion resistance, then each instrument is checked by hand for jaw meet, smooth action and finish. We state the grade we used on your quotation.

Listed at \$300.00, falling to \$250.00 at 1 set — about 17% off the single-unit price. Larger quantities are priced on request. Tell us the quantity you actually need and we will price it, including quantities below the listed minimum.

Material	Stainless steel — we state the grade on your quotation
Reusable	Yes, autoclavable
Finish	Satin, mirror or black — your choice at order
Marking	Your logo or part number can be applied — ask us what is possible for this item
Lead time	Typically 15–30 days depending on quantity and marking

21 Piece Ophthalmic Cataract Surgery Instrument Set Titanium Eye

\$180.00 per piece

Trade price from \$170.00
Minimum order 1 set

- ✓ Surgical-grade stainless steel
- ✓ Reusable, autoclavable
- ✓ OEM / private-label marking

ABOUT THIS INSTRUMENT

This is our pattern of 21 Piece Ophthalmic Cataract Surgery Instrument Set Titanium Eye, made for ophthalmic and micro-ocular procedures. Instruments of this type cover a complete procedure in one tray, so nothing is missing at the table. Supplied as a set — the contents can be adjusted to your list.

Each unit is inspected by hand for alignment and action before packing, and we can photograph your actual pieces before they ship. Listed at \$180.00, falling to \$170.00 at 1 set — about 6% off the single-unit price. Larger quantities are priced on request.

Samples go out on request so you can check the steel and the finish before you place a real order.

\$300.00 per piece

Trade price from \$205.00
Minimum order 1 set

- ✓ Surgical-grade stainless steel
- ✓ Reusable, autoclavable
- ✓ OEM / private-label marking

ABOUT THIS INSTRUMENT

21Pcs Stainless Steel Reusable Cataract Instrument — one of 4,770 instruments we manufacture ourselves rather than buy in. Instruments of this type cover a complete procedure in one tray, so nothing is missing at the table. The name tells you what you are getting: full reusability — clean, autoclave and use again.

The steel is heat treated and passivated for corrosion resistance, then each instrument is checked by hand for jaw meet, smooth action and finish. We state the grade we used on your quotation. Listed at \$300.00, falling to \$205.00 at 1 set — about 32% off the single-unit price.

23 Gauge MICS Scissors Curved Stainless Steel Ophthalmic Microsurgery

\$90.00 per piece

Trade price from \$82.00
Minimum order 1 piece

- ✓ Surgical-grade stainless steel
- ✓ Reusable, autoclavable
- ✓ OEM / private-label marking

ABOUT THIS INSTRUMENT

We manufacture 23 Gauge MICS Scissors Curved Stainless Steel Ophthalmic Microsurgery for ophthalmic and micro-ocular procedures — made from bar stock to finished instrument in house.

Instruments of this type cut tissue, suture or dressing material cleanly along a controlled line. The name tells you what you are getting: a curved

working end for reach around structures.

Each unit is inspected by hand for alignment and action before packing, and we can photograph your actual pieces before they ship. Listed at \$90.00, falling to \$82.00 at 1 piece — about 9% off the single-unit price. Larger quantities are priced on request.

Tell us the quantity you actually need and we will price it, including quantities below the listed minimum.

Material	Stainless steel — we state the grade on your quotation

30Pcs Blepharoplasty Instrument Set Eyelid Surgery Kit Oculoplastic Surgical

\$300.00 per piece

Trade price from **\$220.00**
Minimum order 1 set

- ✓ Surgical-grade stainless steel
- ✓ Reusable, autoclavable
- ✓ OEM / private-label marking

ABOUT THIS INSTRUMENT

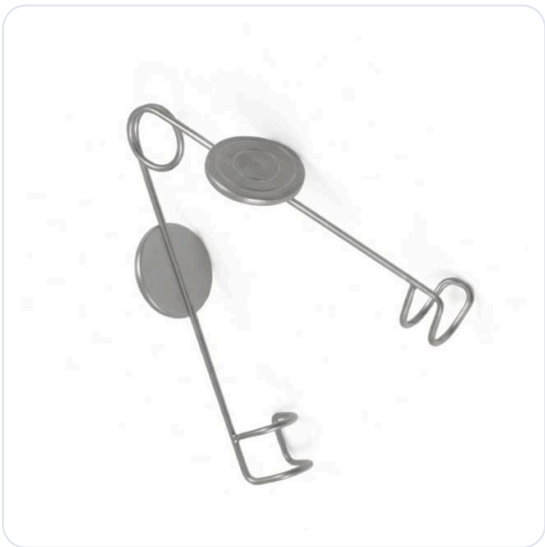

This is our pattern of 30Pcs Blepharoplasty Instrument Set Eyelid Surgery Kit Oculoplastic Surgical, made for ophthalmic and micro-ocular procedures. Instruments of this type cover a complete procedure in one tray, so nothing is missing at the table. Supplied as a 30-piece set.

We can add, drop or substitute items so the tray matches your protocol rather

than ours. Forging, milling, heat treatment, hand finishing and passivation all happen under one roof, which is why we can change a dimension or a finish without a tooling charge. Listed at \$300.00, falling to \$220.00 at 1 set — about 27% off the single-unit price.

Larger quantities are priced on request. We ship door to door worldwide, and can quote DDP if you would rather not handle the import yourself.

Material	Stainless steel — we state the grade on your quotation
Reusable	Yes, autoclavable
Finish	Satin, mirror or black — your choice at order

Alfonso Infant Speculum

\$13.00 per piece

Trade price from **\$4.00**
Minimum order 10 pieces

- ✓ Surgical-grade stainless steel
- ✓ Reusable, autoclavable
- ✓ OEM / private-label marking

ABOUT THIS INSTRUMENT

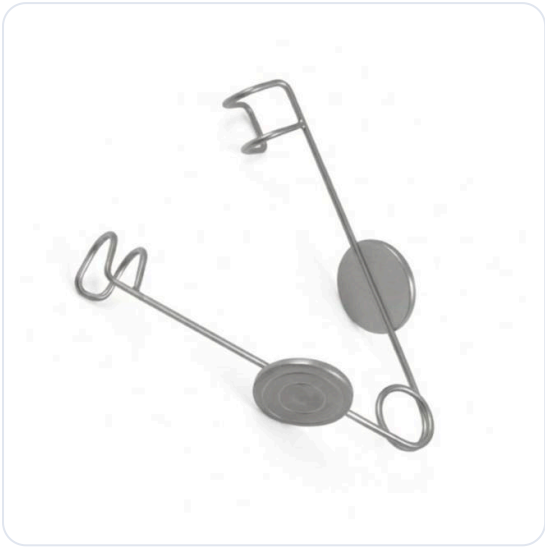

This is our pattern of Alfonso Infant Speculum, made for ophthalmic and micro-ocular procedures. Instruments of this type hold a wound or cavity open so the operating field stays visible.

Forging, milling, heat treatment, hand finishing and passivation all happen

under one roof, which is why we can change a dimension or a finish without a tooling charge. Listed at \$13.00, falling to \$4.00 at 10 pieces — about 69% off the single-unit price.

Larger quantities are priced on request. Order it on its own or as part of a mixed shipment; we do not insist on a full container.

Material	Stainless steel — we state the grade on your quotation

Ophthalmic Surgical Instrument

\$13.00 per piece

Trade price from **\$4.00**
Minimum order 10 pieces

- ✓ Surgical-grade stainless steel
- ✓ Reusable, autoclavable
- ✓ OEM / private-label marking

ABOUT THIS INSTRUMENT

This is our pattern of Alfonso Infant Speculum Stainless Steel Ophthalmic Surgical Instrument, made for ophthalmic and micro-ocular procedures. Instruments of this type hold a wound or cavity open so the operating field stays visible.

We work the instrument by hand at the finishing stage — box locks, hinges and

tips are set individually, which is what separates a good instrument from a cheap one. Listed at \$13.00, falling to \$4.00 at 10 pieces — about 69% off the single-unit price.

Larger quantities are priced on request. Small trial orders are welcome — most buyers start with a sample or a single carton before committing.

Material	Stainless steel — we state the grade on your quotation

Barraquer Wire Speculum Large Ophthalmic Eyelid Retractor

\$1.00 per piece

Trade price from \$0.50
Minimum order 10 pieces

- ✓ Surgical-grade stainless steel
- ✓ Reusable, autoclavable
- ✓ OEM / private-label marking

ABOUT THIS INSTRUMENT

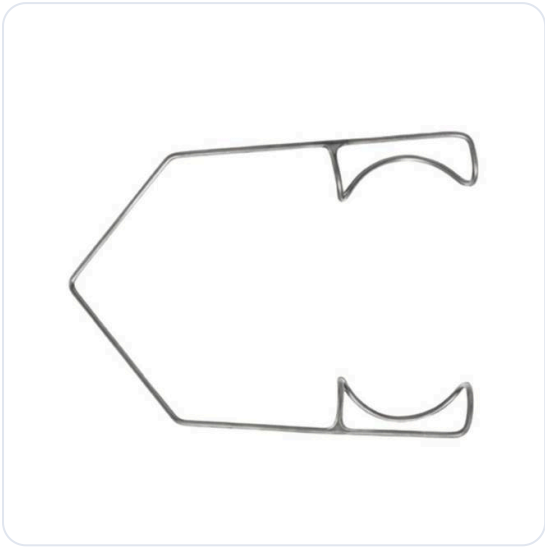

Barraquer Wire Speculum Large Ophthalmic Eyelid Retractor is a retractor we forge, grind and finish in our own Sialkot workshop. Instruments of this type hold a wound or cavity open so the operating field stays visible.

Every piece is hand-finished and inspected before it leaves the bench:

joint action, tip alignment and surface finish are checked on each unit, not on a sample. Listed at \$1.00, falling to \$0.50 at 10 pieces — about 50% off the single-unit price.

Larger quantities are priced on request. Small trial orders are welcome — most buyers start with a sample or a single carton before committing.

Bonn Micro Tissue Forceps Stainless Steel Ophthalmic Surgical Instrument

\$8.00 per piece

Trade price from **\$4.00**
Minimum order 10 pieces

- ✓ Surgical-grade stainless steel
- ✓ Reusable, autoclavable
- ✓ OEM / private-label marking

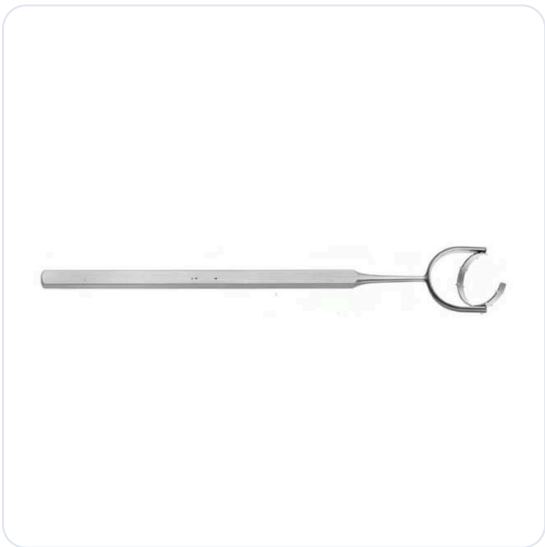

ABOUT THIS INSTRUMENT

Bonn Micro Tissue Forceps Stainless Steel Ophthalmic Surgical Instrument is a forcep we forge, grind and finish in our own Sialkot workshop. Instruments of this type grasp, hold and transfer tissue, dressings or small components without crushing them. The name tells you what you are getting: a micro-scale working end for fine and delicate work.

The steel is heat treated and passivated for corrosion resistance, then each instrument is checked by hand for jaw meet, smooth action and finish. We state the grade we used on your quotation. Listed at \$8.00, falling to \$4.00 at 10 pieces — about 50% off the single-unit price.

Larger quantities are priced on request. We ship door to door worldwide, and can quote DDP if you would rather not handle the import yourself.

Material	Stainless steel — we state the grade on your quotation
Reusable	Yes, autoclavable
Finish	Satin, mirror or black — your choice at order
Marking	Your logo or part number can be applied — ask us what is possible for this item
Lead time	Typically 15–30 days depending on quantity and marking

Capsular Stabilization Ring Stainless Steel Ophthalmic Surgical Instrument

\$8.00 per piece

Trade price from **\$4.00**
Minimum order 10 pieces

- ✓ Surgical-grade stainless steel
- ✓ Reusable, autoclavable
- ✓ OEM / private-label marking

ABOUT THIS INSTRUMENT

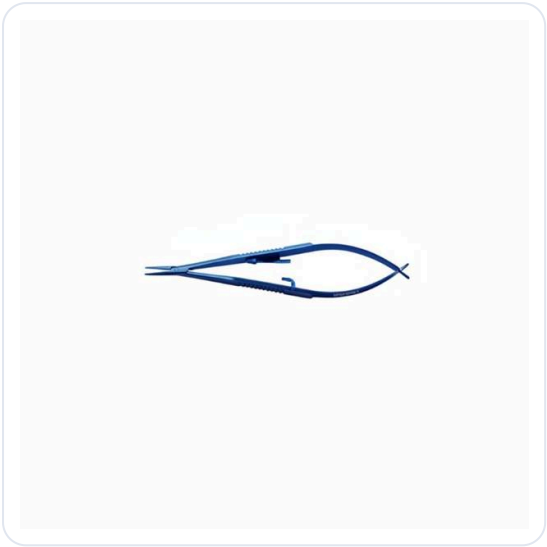

Capsular Stabilization Ring Stainless Steel Ophthalmic Surgical Instrument is an eye instrument we forge, grind and finish in our own Sialkot workshop. We work the instrument by hand at the finishing stage — box locks, hinges and tips are set individually, which is what

separates a good instrument from a cheap one.

Listed at \$8.00, falling to \$4.00 at 10 pieces — about 50% off the single-unit price. Larger quantities are priced on request.

Tell us the quantity you actually need and we will price it, including quantities below the listed minimum.

Castroviejo 5.5-Inch Micro Needle/Suture Holder Driver Tungsten Carbide

\$10.00 per piece

Trade price from **\$6.50**
Minimum order 1 piece

- ✓ Surgical-grade stainless steel
- ✓ Reusable, autoclavable
- ✓ OEM / private-label marking

ABOUT THIS INSTRUMENT

We manufacture Castroviejo 5.5-Inch Micro Needle/Suture Holder Driver Tungsten Carbide for ophthalmic and micro-ocular procedures — made from bar stock to finished instrument in house. From the pattern: a micro-scale working end for fine and delicate work, and tungsten carbide inserts for a longer cutting life. The 5.5" size shown is our standard; other sizes in the same pattern are made to order.

Every piece is hand-finished and inspected before it leaves the bench: joint action, tip alignment and surface finish are checked on each unit, not on a sample. Listed at \$10.00, falling to \$6.50 at 1 piece — about 35% off the single-unit price. Larger quantities are priced on request.

Tell us the quantity you actually need and we will price it, including quantities below the listed minimum.

Castroviejo Corneal Scissors Titanium Stainless Steel Micro Capsule

\$4.00 per piece

Trade price from **\$2.50**
Minimum order 10 pieces

- ✓ Surgical-grade stainless steel
- ✓ Reusable, autoclavable
- ✓ OEM / private-label marking

ABOUT THIS INSTRUMENT

Castroviejo Corneal Scissors Titanium Stainless Steel Micro Capsule is a scissor we forge, grind and finish in our own Sialkot workshop. Instruments of this type cut tissue, suture or dressing material cleanly along a controlled line. The name tells you what you are getting: a micro-scale working end for fine and delicate work.

Every piece is hand-finished and inspected before it leaves the bench: joint action, tip alignment and surface finish are checked on each unit, not on a sample. Listed at \$4.00, falling to \$2.50 at 10 pieces — about 38% off the single-unit price. Larger quantities are priced on request.

Precision Eye Surgery

\$8.00 per piece

Trade price from **\$3.50**
Minimum order 10 pieces

- ✓ Surgical-grade stainless steel
- ✓ Reusable, autoclavable
- ✓ OEM / private-label marking

ABOUT THIS INSTRUMENT

Castroviejo Needle Holder with Lock Precision Eye Surgery — one of 4,770 instruments we manufacture ourselves rather than buy in. Instruments of this type grip a suture needle firmly through the full arc of a stitch.

Each unit is inspected by hand for alignment and action before packing,

and we can photograph your actual pieces before they ship. Listed at \$8.00, falling to \$3.50 at 10 pieces — about 56% off the single-unit price.

Larger quantities are priced on request. Order it on its own or as part of a mixed shipment; we do not insist on a full container.

**Eucleation Scissors Medium Curved
Stainless Steel Ophthalmic Surgical
Instrument**

\$6.00 per piece

Trade price from **\$3.00**
Minimum order 10 pieces

- ✓ Surgical-grade stainless steel
- ✓ Reusable, autoclavable
- ✓ OEM / private-label marking

ABOUT THIS INSTRUMENT

Eucleation Scissors Medium Curved Stainless Steel Ophthalmic Surgical Instrument is part of our eye instruments range, produced start to finish at our Sialkot facility. Instruments of this type cut tissue, suture or dressing material cleanly along a controlled line. The name tells you what you are getting: a curved working end for reach around structures.

Each unit is inspected by hand for alignment and action before packing, and we can photograph your actual pieces before they ship. Listed at \$6.00, falling to \$3.00 at 10 pieces — about 50% off the single-unit price. Larger quantities are priced on request.

Samples go out on request so you can check the steel and the finish before you place a real order.

Material	Stainless steel — we state the grade on your quotation
Reusable	Yes, autoclavable
Finish	Satin, mirror or black — your choice at order
Marking	Your logo or part number can be applied — ask us what is possible for this item
Lead time	Typically 15–30 days depending on quantity and marking

Enucleation Scissors Ophthalmic Surgical Instrument Curved Eye Surgery Scissors

\$6.00 per piece

Trade price from **\$3.00**
Minimum order 20 pieces

- ✓ Surgical-grade stainless steel
- ✓ Reusable, autoclavable
- ✓ OEM / private-label marking

ABOUT THIS INSTRUMENT

We manufacture Enucleation Scissors Ophthalmic Surgical Instrument Curved Eye Surgery Scissors for ophthalmic and micro-ocular procedures — made from bar stock to finished instrument in house. Instruments of this type cut tissue, suture or dressing material cleanly along a controlled line. The name tells you what you are getting: a curved working end for reach around structures.

We work the instrument by hand at the finishing stage — box locks, hinges and tips are set individually, which is what separates a good instrument from a cheap one. Listed at \$6.00, falling to \$3.00 at 20 pieces — about 50% off the single-unit price. Larger quantities are priced on request.

Samples go out on request so you can check the steel and the finish before you place a real order.

Iris TC Scissors-01 Stainless Steel Straight Curved Surgical is part of our eye instruments range, produced start to finish at our Sialkot facility. Instruments of this type cut tissue, suture or dressing material cleanly along a controlled line. From the pattern: a curved working end for reach around structures, a straight working end for direct, in-line access, and tungsten carbide inserts for a longer cutting life.

We work the instrument by hand at the finishing stage — box locks, hinges and tips are set individually, which is what separates a good instrument from a cheap one. Listed at \$7.00, falling to \$4.00 at 10 pieces — about 43% off the single-unit price. Larger quantities are priced on request.

Order it on its own or as part of a mixed shipment; we do not insist on a full container.

Material	Stainless steel — we state the grade on your quotation
Reusable	Yes, autoclavable
Finish	Satin, mirror or black — your choice at order
Marking	Your logo or part number can be applied — ask us what is possible for this item
Lead time	Typically 15–30 days depending on quantity and marking

Jameson Muscle Hook Large

\$15.00 per piece

Trade price from **\$9.00**
Minimum order 10 pieces

- ✓ Surgical-grade stainless steel
- ✓ Reusable, autoclavable
- ✓ OEM / private-label marking

ABOUT THIS INSTRUMENT

Jameson Muscle Hook Large — one of 4,770 instruments we manufacture ourselves rather than buy in. Instruments of this type retract, hold or pass suture in fine and delicate work.

We work the instrument by hand at the finishing stage — box locks, hinges and

tips are set individually, which is what separates a good instrument from a cheap one. Listed at \$15.00, falling to \$9.00 at 10 pieces — about 40% off the single-unit price.

Larger quantities are priced on request. Small trial orders are welcome — most buyers start with a sample or a single carton before committing.

Material	Stainless steel — we state the grade on your quotation
Reusable	Yes, autoclavable
Finish	Satin, mirror or black — your choice at order
Marking	Your logo or part number can be applied — ask us what is possible for this item

Knapp Lacrimal Sac Retractor Ophthalmic Eye

\$4.10 per piece

Trade price from **\$2.60**
Minimum order 10 pieces

- ✓ Surgical-grade stainless steel
- ✓ Reusable, autoclavable
- ✓ OEM / private-label marking

ABOUT THIS INSTRUMENT

Knapp Lacrimal Sac Retractor Ophthalmic Eye — one of 4,770 instruments we manufacture ourselves rather than buy in. Instruments of this type hold a wound or cavity open so the operating field stays visible.

Each unit is inspected by hand for alignment and action before packing,

and we can photograph your actual pieces before they ship. Listed at \$4.10, falling to \$2.60 at 10 pieces — about 37% off the single-unit price.

Larger quantities are priced on request. Order it on its own or as part of a mixed shipment; we do not insist on a full container.

Material	Stainless steel — we state the grade on your quotation
Reusable	Yes, autoclavable

Knapp Lacrimal Sac Retractor Reusable Ophthalmic Surgical

\$4.00 per piece

Trade price from **\$2.00**
Minimum order 10 pieces

- ✓ Surgical-grade stainless steel
- ✓ Reusable, autoclavable
- ✓ OEM / private-label marking

ABOUT THIS INSTRUMENT

Knapp Lacrimal Sac Retractor Reusable Ophthalmic Surgical is a retractor we forge, grind and finish in our own Sialkot workshop. Instruments of this type hold a wound or cavity open so the operating field stays visible. The name tells you what you are getting: full reusability — clean, autoclave and use again.

Forging, milling, heat treatment, hand finishing and passivation all happen under one roof, which is why we can change a dimension or a finish without a tooling charge. Listed at \$4.00, falling to \$2.00 at 10 pieces — about 50% off the single-unit price. Larger quantities are priced on request.

Samples go out on request so you can check the steel and the finish before you place a real order.

Material	Stainless steel — we state the grade on your quotation

Ophthalmic Enucleation Scissors

\$5.00 per piece

Trade price from **\$2.00**
Minimum order 50 pieces

- ✓ Surgical-grade stainless steel
- ✓ Reusable, autoclavable
- ✓ OEM / private-label marking

ABOUT THIS INSTRUMENT

Ophthalmic Enucleation Scissors is a scissor we forge, grind and finish in our own Sialkot workshop. Instruments of this type cut tissue, suture or dressing material cleanly along a controlled line.

Forging, milling, heat treatment, hand finishing and passivation all happen

under one roof, which is why we can change a dimension or a finish without a tooling charge. Listed at \$5.00, falling to \$2.00 at 50 pieces — about 60% off the single-unit price.

Larger quantities are priced on request. Tell us the quantity you actually need and we will price it, including quantities below the listed minimum.

Material	Stainless steel — we state the grade on your quotation
Reusable	Yes, autoclavable
Finish	Satin, mirror or black — your choice at order
Marking	Your logo or part number can be applied — ask us what is possible for this item
Lead time	Typically 15–30 days depending on quantity and marking

Ophthalmic Eye Surgery Instrument Kit 21 Piece

\$180.00 per piece

Trade price from **\$170.00**
Minimum order 1 set

- ✓ Surgical-grade stainless steel
- ✓ Reusable, autoclavable
- ✓ OEM / private-label marking

ABOUT THIS INSTRUMENT

Ophthalmic Eye Surgery Instrument Kit 21 Piece — one of 4,770 instruments we manufacture ourselves rather than buy in. Instruments of this type cover a complete procedure in one tray, so nothing is missing at the table. Supplied as a set — the contents can be adjusted to your list.

The steel is heat treated and passivated for corrosion resistance, then each

instrument is checked by hand for jaw meet, smooth action and finish. We state the grade we used on your quotation. Listed at \$180.00, falling to \$170.00 at 1 set — about 6% off the single-unit price.

Larger quantities are priced on request. We ship door to door worldwide, and can quote DDP if you would rather not handle the import yourself.

Ophthalmic Instrument Set Basic Eye Surgery Kit

\$178.00 per piece

Trade price from \$118.00
Minimum order 5 sets

- ✓ Surgical-grade stainless steel
- ✓ Reusable, autoclavable
- ✓ OEM / private-label marking

ABOUT THIS INSTRUMENT

Ophthalmic Instrument Set Basic Eye Surgery Kit is part of our eye instruments range, produced start to finish at our Sialkot facility. Instruments of this type cover a complete procedure in one tray, so nothing is missing at the table. Supplied as a set — the contents can be adjusted to your list.

Every piece is hand-finished and inspected before it leaves the bench: joint action, tip alignment and surface finish are checked on each unit, not on a sample. Listed at \$178.00, falling to \$118.00 at 5 sets — about 34% off the single-unit price. Larger quantities are priced on request.

Samples go out on request so you can check the steel and the finish before you place a real order.

Material	Stainless steel — we state the grade on your quotation
Reusable	Yes, autoclavable
Finish	Satin, mirror or black — your choice at order

Ophthalmic Micro Forceps Titanium Stainless Steel Eye

\$6.00 per piece

Trade price from \$2.00
Minimum order 10 pieces

- ✓ Surgical-grade stainless steel
- ✓ Reusable, autoclavable
- ✓ OEM / private-label marking

ABOUT THIS INSTRUMENT

This is our pattern of Ophthalmic Micro Forceps Titanium Stainless Steel Eye, made for ophthalmic and micro-ocular procedures. Instruments of this type grasp, hold and transfer tissue, dressings or small components without crushing them. The name tells you what you are getting: a micro-scale working end for fine and delicate work.

The steel is heat treated and passivated for corrosion resistance, then each instrument is checked by hand for jaw meet, smooth action and finish. We state the grade we used on your quotation. Listed at \$6.00, falling to \$2.00 at 10 pieces — about 67% off the single-unit price.

Larger quantities are priced on request. Small trial orders are welcome — most buyers start with a sample or a single carton before committing.

Ophthalmic Micro Tying Forceps Stainless Steel Eye Surgery

\$6.00 per piece

Trade price from \$3.00
Minimum order 10 pieces

- ✓ Surgical-grade stainless steel
- ✓ Reusable, autoclavable
- ✓ OEM / private-label marking

ABOUT THIS INSTRUMENT

We manufacture Ophthalmic Micro Tying Forceps Stainless Steel Eye Surgery for ophthalmic and micro-ocular procedures — made from bar stock to finished instrument in house. Instruments of this type grasp, hold and transfer tissue, dressings or small components without crushing them. The name tells you what you are getting: a micro-scale working end for fine and delicate work.

Each unit is inspected by hand for alignment and action before packing, and we can photograph your actual pieces before they ship. Listed at \$6.00, falling to \$3.00 at 10 pieces — about 50% off the single-unit price. Larger quantities are priced on request.

Order it on its own or as part of a mixed shipment; we do not insist on a full container.

- ✓ Reusable, autoclavable
- ✓ OEM / private-label marking

ABOUT THIS INSTRUMENT

Sinskey II Lens Hook Angled Ophthalmic Surgical is part of our eye instruments range, produced start to finish at our Sialkot facility. Instruments of this type retract, hold or pass suture in fine and delicate work. The name tells you what you are getting: an angled shank that keeps the hand clear of the sightline.

The steel is heat treated and passivated for corrosion resistance, then each instrument is checked by hand for jaw meet, smooth action and finish. We state the grade we used on your quotation. Listed at \$15.00, falling to \$9.00 at 10 pieces — about 40% off the single-unit price.

Larger quantities are priced on request. Samples go out on request so you can check the steel and the finish before you place a real order.

Material	Stainless steel — we state the grade on your quotation
Reusable	Yes, autoclavable
Finish	Satin, mirror or black — your choice at order
Marking	Your logo or part number can be applied — ask us what is possible for this item
Lead time	Typically 15–30 days depending on quantity and marking

Trade price from \$9.00
Minimum order 10 pieces

- ✓ Surgical-grade stainless steel
- ✓ Reusable, autoclavable
- ✓ OEM / private-label marking

ABOUT THIS INSTRUMENT

Sinskey II Lens Hook Angled Stainless Steel Ophthalmic Surgical — one of 4,770 instruments we manufacture ourselves rather than buy in. Instruments of this type retract, hold or pass suture in fine and delicate work. The name tells you what you are getting: an angled shank that keeps the hand clear of the sightline.

Forging, milling, heat treatment, hand finishing and passivation all happen under one roof, which is why we can change a dimension or a finish without a tooling charge. Listed at \$15.00, falling to \$9.00 at 10 pieces — about 40% off the single-unit price. Larger quantities are priced on request. Order it on its own or as part of a mixed shipment; we do not insist on a full container.

Sinskey Lens Hook Straight Reusable Ophthalmic Instrument

\$15.00 per piece

Trade price from \$9.00
Minimum order 10 pieces

- ✓ Surgical-grade stainless steel
- ✓ Reusable, autoclavable
- ✓ OEM / private-label marking

ABOUT THIS INSTRUMENT

We manufacture Sinskey Lens Hook Straight Reusable Ophthalmic Instrument for ophthalmic and micro-ocular procedures — made from bar stock to finished instrument in house. Instruments of this type retract, hold or pass suture in fine and delicate work. From the pattern: a straight working end for direct, in-line access, and full reusability — clean, autoclave and use again.

We work the instrument by hand at the finishing stage — box locks, hinges and tips are set individually, which is what separates a good instrument from a cheap one. Listed at \$15.00, falling to \$9.00 at 10 pieces — about 40% off the single-unit price. Larger quantities are priced on request. We ship door to door worldwide, and can quote DDP if you would rather not handle the import yourself.

ABOUT THIS INSTRUMENT

Stainless Steel Laser Eye Shield 29 is an instrument set we forge, grind and finish in our own Sialkot workshop. Instruments of this type cover a complete procedure in one tray, so nothing is missing at the table. The steel is heat treated and passivated for corrosion resistance, then each

instrument is checked by hand for jaw meet, smooth action and finish.

We state the grade we used on your quotation. Listed at \$7.00, falling to \$3.00 at 1 piece — about 57% off the single-unit price. Larger quantities are priced on request.

Small trial orders are welcome — most buyers start with a sample or a single carton before committing.

Material	Stainless steel — we state the grade on your quotation
Reusable	Yes, autoclavable
Finish	Satin, mirror or black — your choice at order
Marking	Your logo or part number can be applied — ask us what is possible for this item
Lead time	Typically 15–30 days depending on quantity and marking

WI-32651565

Stainless Steel Major Blepharoplasty Rhinoplasty Surgical Set 25pcs

\$190.00 per piece

Trade price from \$187.00
Minimum order 25 sets

- ✓ Surgical-grade stainless steel
- ✓ Reusable, autoclavable
- ✓ OEM / private-label marking

ABOUT THIS INSTRUMENT

Stainless Steel Major Blepharoplasty Rhinoplasty Surgical Set 25pcs is an instrument set we forge, grind and finish in our own Sialkot workshop. Instruments of this type cover a complete procedure in one tray, so nothing is missing at the table. Supplied as a 25-piece set.

We can add, drop or substitute items so the tray matches your protocol rather

than ours. We work the instrument by hand at the finishing stage — box locks, hinges and tips are set individually, which is what separates a good instrument from a cheap one. Listed at \$190.00, falling to \$187.00 at 25 sets — about 2% off the single-unit price.

Larger quantities are priced on request. We ship door to door worldwide, and can quote DDP if you would rather not handle the import yourself.

Material	Stainless steel — we state the grade on your quotation
Reusable	Yes, autoclavable
Finish	Satin, mirror or black — your choice at order
Marking	Your logo or part number can be applied — ask us what is possible for this item

WI-02039292

Stainless Steel Medical Mosquito Hemostat Forceps Ophthalmic Surgical

\$1.24 per piece

Trade price from \$0.85
Minimum order 10 pieces

- ✓ Surgical-grade stainless steel
- ✓ Reusable, autoclavable
- ✓ OEM / private-label marking

ABOUT THIS INSTRUMENT

We manufacture Stainless Steel Medical Mosquito Hemostat Forceps Ophthalmic Surgical for ophthalmic and micro-ocular procedures — made from bar stock to finished instrument in house. Instruments of this type occlude a vessel or duct, or hold tissue and drapes securely in place.

Forging, milling, heat treatment, hand finishing and passivation all happen under one roof, which is why we can change a dimension or a finish without a tooling charge. Listed at \$1.24, falling to \$0.85 at 10 pieces — about 31% off the single-unit price.

Larger quantities are priced on request. Order it on its own or as part of a mixed shipment; we do not insist on a full container.

Material	Stainless steel — we state the grade on your quotation
Reusable	Yes, autoclavable
Finish	Satin, mirror or black — your choice at order
Marking	Your logo or part number can be applied — ask us what is possible for this item

Stainless Steel Navyas Capsulorhexis Forceps Ophthalmic Instrument Set Machinery

\$30.00 per piece

Trade price from \$28.00
Minimum order 1 piece

- ✓ Surgical-grade stainless steel
- ✓ Reusable, autoclavable
- ✓ OEM / private-label marking

ABOUT THIS INSTRUMENT

Stainless Steel Navyas Capsulorhexis Forceps Ophthalmic Instrument Set Machinery is part of our eye instruments range, produced start to finish at our Sialkot facility. Instruments of this type grasp, hold and transfer tissue, dressings or small components without crushing them. Supplied as a set — the contents can be adjusted to your list.

Forging, milling, heat treatment, hand finishing and passivation all happen under one roof, which is why we can change a dimension or a finish without a tooling charge. Listed at \$30.00, falling to \$28.00 at 1 piece — about 7% off the single-unit price. Larger quantities are priced on request.

Small trial orders are welcome — most buyers start with a sample or a single carton before committing.

Material	Stainless steel — we state the grade on your quotation
Reusable	Yes, autoclavable

Stainless Steel Ophthalmic Surgical Hook Instrument Set

\$5.50 per piece

Trade price from **\$4.50**
Minimum order 1 piece

- ✓ Surgical-grade stainless steel
- ✓ Reusable, autoclavable
- ✓ OEM / private-label marking

ABOUT THIS INSTRUMENT

We manufacture Stainless Steel Ophthalmic Surgical Hook Instrument Set for ophthalmic and micro-ocular procedures — made from bar stock to finished instrument in house. Instruments of this type retract, hold or pass suture in fine and delicate work. Supplied as a set — the contents can be adjusted to your list.

Every piece is hand-finished and inspected before it leaves the bench: joint action, tip alignment and surface finish are checked on each unit, not on a sample. Listed at \$5.50, falling to \$4.50 at 1 piece — about 18% off the single-unit price. Larger quantities are priced on request.

Small trial orders are welcome — most buyers start with a sample or a single carton before committing.

Instruments of this type cut tissue, suture or dressing material cleanly along a controlled line. From the pattern: a straight working end for direct, in-line access, and a fine pattern for delicate tissue.

We work the instrument by hand at the finishing stage — box locks, hinges and tips are set individually, which is what separates a good instrument from a cheap one. Listed at \$1.50, falling to \$1.00 at 50 pieces — about 33% off the single-unit price. Larger quantities are priced on request.

Small trial orders are welcome — most buyers start with a sample or a single carton before committing.

Material	Stainless steel — we state the grade on your quotation
Reusable	Yes, autoclavable
Finish	Satin, mirror or black — your choice at order
Marking	Your logo or part number can be applied — ask us what is possible for this item

Straight Ophthalmic Eye Scissors Precision Microsurgical Instrument German

\$1.50 per piece

Trade price from **\$1.00**
Minimum order 500 pieces

- ✓ Surgical-grade stainless steel
- ✓ Reusable, autoclavable
- ✓ OEM / private-label marking

ABOUT THIS INSTRUMENT

We manufacture Straight Ophthalmic Eye Scissors Precision Microsurgical Instrument German for ophthalmic and micro-ocular procedures — made from bar stock to finished instrument in house. Instruments of this type cut tissue, suture or dressing material cleanly along a controlled line. The name tells you what you are getting: a straight working end for direct, in-line access.

Each unit is inspected by hand for alignment and action before packing, and we can photograph your actual pieces before they ship. Listed at \$1.50, falling to \$1.00 at 500 pieces — about 33% off the single-unit price. Larger quantities are priced on request.

We ship door to door worldwide, and can quote DDP if you would rather not handle the import yourself.

SUPERCUT Stainless Steel Medium Handle Iris Scissors Straight Wave

\$3.00 per piece

Trade price from **\$1.00**
Minimum order 2 pieces

- ✓ Surgical-grade stainless steel
- ✓ Reusable, autoclavable
- ✓ OEM / private-label marking

ABOUT THIS INSTRUMENT

SUPERCUT Stainless Steel Medium Handle Iris Scissors Straight Wave is a scissor we forge, grind and finish in our own Sialkot workshop. Instruments of this type cut tissue, suture or dressing material cleanly along a controlled line. The name tells you what you are getting: a straight working end for direct, in-line access.

The steel is heat treated and passivated for corrosion resistance, then each instrument is checked by hand for jaw meet, smooth action and finish. We state the grade we used on your quotation. Listed at \$3.00, falling to \$1.00 at 2 pieces — about 67% off the single-unit price.

Larger quantities are priced on request. Tell us the quantity you actually need and we will price it, including quantities below the listed minimum.

TC Castroviejo Micro Scissors 12cm Tungsten Carbide

\$8.00 per piece

Trade price from \$3.00
Minimum order 5 pieces

- ✓ Surgical-grade stainless steel
- ✓ Reusable, autoclavable
- ✓ OEM / private-label marking

ABOUT THIS INSTRUMENT

TC Castroviejo Micro Scissors 12cm Tungsten Carbide — one of 4,770 instruments we manufacture ourselves rather than buy in. Instruments of this type cut tissue, suture or dressing material cleanly along a controlled line. From the pattern: a micro-scale working end for fine and delicate work, and tungsten carbide inserts for a longer cutting life.

The 12cm size shown is our standard; other sizes in the same pattern are

made to order. Forging, milling, heat treatment, hand finishing and passivation all happen under one roof, which is why we can change a dimension or a finish without a tooling charge. Listed at \$8.00, falling to \$3.00 at 5 pieces — about 62% off the single-unit price.

Larger quantities are priced on request. We ship door to door worldwide, and can quote DDP if you would rather not handle the import yourself.

Titanium Ophthalmic Surgical Instruments 21Pcs Cataract Surgery Set Eye

\$180.00 per piece

Trade price from **\$170.00**
Minimum order 1 set

- ✓ Surgical-grade stainless steel
- ✓ Reusable, autoclavable
- ✓ OEM / private-label marking

ABOUT THIS INSTRUMENT

We manufacture Titanium Ophthalmic Surgical Instruments 21Pcs Cataract Surgery Set Eye for ophthalmic and micro-ocular procedures — made from bar stock to finished instrument in house. Instruments of this type cover a complete procedure in one tray, so nothing is missing at the table. Supplied as a 21-piece set.

We can add, drop or substitute items so the tray matches your protocol rather

than ours. We work the instrument by hand at the finishing stage — box locks, hinges and tips are set individually, which is what separates a good instrument from a cheap one. Listed at \$180.00, falling to \$170.00 at 1 set — about 6% off the single-unit price.

Larger quantities are priced on request. Small trial orders are welcome — most buyers start with a sample or a single carton before committing.

Troutman Locking Needle Holder Ophthalmic Surgical Instrument Set

\$8.00 per piece

Trade price from **\$3.50**
Minimum order 20 pieces

- ✓ Surgical-grade stainless steel
- ✓ Reusable, autoclavable
- ✓ OEM / private-label marking

ABOUT THIS INSTRUMENT

Troutman Locking Needle Holder Ophthalmic Surgical Instrument Set is part of our eye instruments range, produced start to finish at our Sialkot facility. Instruments of this type grip a suture needle firmly through the full arc of a stitch. Supplied as a set — the contents can be adjusted to your list.

Forging, milling, heat treatment, hand finishing and passivation all happen under one roof, which is why we can change a dimension or a finish without a tooling charge. Listed at \$8.00, falling to \$3.50 at 20 pieces — about 56% off the single-unit price. Larger quantities are priced on request.

Samples go out on request so you can check the steel and the finish before you place a real order.

ABOUT THIS INSTRUMENT

Vera Hook Ophthalmic Surgical Instrument Eye Microsurgery Tool is part of our eye instruments range, produced start to finish at our Sialkot facility. Instruments of this type retract, hold or pass suture in fine and delicate work.

Each unit is inspected by hand for alignment and action before packing, and we can photograph your actual pieces before they ship. Listed at \$15.00, falling to \$9.00 at 20 pieces — about 40% off the single-unit price.

Larger quantities are priced on request. Samples go out on request so you can check the steel and the finish before you place a real order.

Material	Stainless steel — we state the grade on your quotation

ABOUT THIS INSTRUMENT

Vera Hook Precision Ophthalmic Microsurgical Instrument is part of our eye instruments range, produced start to finish at our Sialkot facility. Instruments of this type retract, hold or pass suture in fine and delicate work. The steel is heat treated and passivated for corrosion resistance, then each

instrument is checked by hand for jaw meet, smooth action and finish.

We state the grade we used on your quotation. Listed at \$15.00, falling to \$9.00 at 10 pieces — about 40% off the single-unit price. Larger quantities are priced on request.

Samples go out on request so you can check the steel and the finish before you place a real order.

Vera Ophthalmic Hook Fine Tip Eye Surgery Instrument Set

\$15.00 per piece

Trade price from **\$9.00**
Minimum order 50 pieces

- ✓ Surgical-grade stainless steel
- ✓ Reusable, autoclavable
- ✓ OEM / private-label marking

ABOUT THIS INSTRUMENT

Vera Ophthalmic Hook Fine Tip Eye Surgery Instrument Set is a hooks & needle we forge, grind and finish in our own Sialkot workshop. Instruments of this type retract, hold or pass suture in fine and delicate work. The name tells you what you are getting: a fine pattern for delicate tissue.

Supplied as a set — the contents can be adjusted to your list. Forging, milling,

heat treatment, hand finishing and passivation all happen under one roof, which is why we can change a dimension or a finish without a tooling charge. Listed at \$15.00, falling to \$9.00 at 50 pieces — about 40% off the single-unit price.

Larger quantities are priced on request. Tell us the quantity you actually need and we will price it, including quantities below the listed minimum.

- ✓ OEM / private-label marking

ABOUT THIS INSTRUMENT

Westcott Ophthalmic Tenotomy Scissors Precision Surgical Tool for Eye — one of 4,770 instruments we manufacture ourselves rather than buy in. Instruments of this type cut tissue, suture or dressing material cleanly along a controlled line. The steel is heat treated and passivated for corrosion resistance, then each instrument is

checked by hand for jaw meet, smooth action and finish.

We state the grade we used on your quotation. Listed at \$9.00, falling to \$4.30 at 20 pieces — about 52% off the single-unit price. Larger quantities are priced on request.

We ship door to door worldwide, and can quote DDP if you would rather not handle the import yourself.

Westcott Tenotomy Scissors Right Reusable Ophthalmic Surgical

\$9.00 per piece

Trade price from \$4.30
Minimum order 10 pieces

- ✓ Surgical-grade stainless steel
- ✓ Reusable, autoclavable
- ✓ OEM / private-label marking

ABOUT THIS INSTRUMENT

This is our pattern of Westcott Tenotomy Scissors Right Reusable Ophthalmic Surgical, made for ophthalmic and micro-ocular procedures. Instruments of this type cut tissue, suture or dressing material cleanly along a controlled line. The name tells you what you are getting: full reusability — clean, autoclave and use again.

Forging, milling, heat treatment, hand finishing and passivation all happen under one roof, which is why we can change a dimension or a finish without a tooling charge. Listed at \$9.00, falling to \$4.30 at 10 pieces — about 52% off the single-unit price. Larger quantities are priced on request.

Westcott Tenotomy Scissors Right Stainless Steel Ophthalmic Microsurgical Instrument

\$9.00 per piece

Trade price from \$4.00
Minimum order 10 pieces

- ✓ Surgical-grade stainless steel
- ✓ Reusable, autoclavable
- ✓ OEM / private-label marking

ABOUT THIS INSTRUMENT

We manufacture Westcott Tenotomy Scissors Right Stainless Steel Ophthalmic Microsurgical Instrument for ophthalmic and micro-ocular procedures — made from bar stock to finished instrument in house. Instruments of this type cut tissue, suture or dressing material cleanly along a controlled line.

We work the instrument by hand at the finishing stage — box locks, hinges and tips are set individually, which is what separates a good instrument from a cheap one. Listed at \$9.00, falling to \$4.00 at 10 pieces — about 56% off the single-unit price.

Larger quantities are priced on request. Order it on its own or as part of a mixed shipment; we do not insist on a full container.
