Pack of 2 Premium Quality Henning Plaster Spreader 11" Long with 2 Flat Blades Outside Serrated Stainless Steel Orthopedic and Surgical Instruments.

Henning plaster cast spreader is an instrument that can be used to aid in the process of cast removal. A variety of orthopedic and other surgical procedures such as fracture repair require for the bone to be in a specific alignment as it heals and this can be accomplished via a plaster cast. Henning Plaster Cast Spreader features a large plier shape handle and two large, flat, rectangular blades with horizontal serrations on the outside of the blade. The blades are approximately 2" inches wide and the overall length of this instrument is 279mm.

HENNING PLASTER CAST SPREADER FEATURES

HENNING CAST SPREADER: Henning cast spreader plaster breaker dimension is 11" (27.9cm) in length. This plaster spreader have two thin flat grooved, rectangular jaws with horizontal outer side serrations and a plier shape spring loaded handle.

STAINLESS STEEL CONSTRUCTION: The stainless steel construction ensures maximum durability and dependability. You can reuse cast spreader over time as they will not bend or tarnish on you. High quality stainless steel, excellent international quality standard. It can be reused after sterilization.

7 Pcs Large Hohman Retractor Set Surgical Orthopedic

\$7.00 per piece

Trade price from \$4.00
Minimum order 25 pieces

- ✓ Surgical-grade stainless steel
- ✓ Reusable, autoclavable
- ✓ OEM / private-label marking

ABOUT THIS INSTRUMENT

We manufacture 7 Pcs Large Hohman Retractor Set Surgical Orthopedic for bone, joint and trauma surgery — made from bar stock to finished instrument in house. Instruments of this type hold a wound or cavity open so the operating field stays visible. Supplied as a 7-piece set.

We can add, drop or substitute items so the tray matches your protocol rather

than ours. We work the instrument by hand at the finishing stage — box locks, hinges and tips are set individually, which is what separates a good instrument from a cheap one. Listed at \$7.00, falling to \$4.00 at 25 pieces — about 43% off the single-unit price.

Larger quantities are priced on request. Tell us the quantity you actually need and we will price it, including quantities below the listed minimum.

Material	Stainless steel — we state the grade on your quotation
Reusable	Yes, autoclavable
Finish	Satin, mirror or black — your choice at order
Marking	Your logo or part number can be applied — ask us what is possible for this item
Lead time	Typically 15–30 days depending on quantity and marking

WI-45881395

9PCS Charnley Initial Incision Retractor Set Forceps

\$290.00 per piece

Trade price from \$240.00
Minimum order 1 set

- ✓ Surgical-grade stainless steel
- ✓ Reusable, autoclavable
- ✓ OEM / private-label marking

ABOUT THIS INSTRUMENT

We manufacture 9PCS Charnley Initial Incision Retractor Set Forceps for bone, joint and trauma surgery — made from bar stock to finished instrument in house. Instruments of this type hold a wound or cavity open so the operating field stays visible. Supplied as a 9-piece set.

We can add, drop or substitute items so the tray matches your protocol rather than ours. The steel is heat treated and

passivated for corrosion resistance, then each instrument is checked by hand for jaw meet, smooth action and finish. We state the grade we used on your quotation.

Listed at \$290.00, falling to \$240.00 at 1 set — about 17% off the single-unit price. Larger quantities are priced on request. Tell us the quantity you actually need and we will price it, including quantities below the listed minimum.

WI-29320093

**Adjustable Casper Cervical Retractor Set
Orthopedic Complete Spine Surgical**

\$120.00 per piece

Trade price from **\$80.00**
Minimum order 1 set

- ✓ Surgical-grade stainless steel
- ✓ Reusable, autoclavable
- ✓ OEM / private-label marking

ABOUT THIS INSTRUMENT

Adjustable Casper Cervical Retractor Set Orthopedic Complete Spine Surgical is a retractor we forge, grind and finish in our own Sialkot workshop. Instruments of this type hold a wound or cavity open so the operating field stays visible. Supplied as a set — the contents can be adjusted to your list.

Each unit is inspected by hand for alignment and action before packing, and we can photograph your actual pieces before they ship. Listed at \$120.00, falling to \$80.00 at 1 set — about 33% off the single-unit price. Larger quantities are priced on request.

Order it on its own or as part of a mixed shipment; we do not insist on a full container.

Material	Stainless steel — we state the grade on your quotation
Reusable	Yes, autoclavable
Finish	Satin, mirror or black — your choice at order
Marking	Your logo or part number can be applied — ask us what is possible for this item
Lead time	Typically 15–30 days depending on quantity and marking

WI-29054150

**Bent Hohmann Orthopedic Mini Retractor
Long Handle**

\$5.00 per piece

Trade price from **\$3.50**
Minimum order 1 piece

- ✓ Surgical-grade stainless steel
- ✓ Reusable, autoclavable
- ✓ OEM / private-label marking

ABOUT THIS INSTRUMENT

Bent Hohmann Orthopedic Mini Retractor Long Handle is part of our orthopedic instruments range, produced start to finish at our Sialkot facility. Instruments of this type hold a wound or cavity open so the operating field stays visible. The name tells you what you are getting: extra working length for deep-field access.

Every piece is hand-finished and inspected before it leaves the bench: joint action, tip alignment and surface finish are checked on each unit, not on a sample. Listed at \$5.00, falling to \$3.50 at 1 piece — about 30% off the single-unit price. Larger quantities are priced on request.

We ship door to door worldwide, and can quote DDP if you would rather not handle the import yourself.

Material	Stainless steel — we state the grade on your quotation
Reusable	Yes, autoclavable

WI-46440550

Carpal Tunnel Surgical Retractor Orthopedic Hand Surgery Instrument Set

\$79.90 per piece

Trade price from \$34.30
Minimum order 12 pieces

- ✓ Surgical-grade stainless steel
- ✓ Reusable, autoclavable
- ✓ OEM / private-label marking

ABOUT THIS INSTRUMENT

Carpal Tunnel Surgical Retractor Orthopedic Hand Surgery Instrument Set is a retractor we forge, grind and finish in our own Sialkot workshop. Instruments of this type hold a wound or cavity open so the operating field stays visible. Supplied as a set — the contents can be adjusted to your list.

Forging, milling, heat treatment, hand finishing and passivation all happen under one roof, which is why we can change a dimension or a finish without a tooling charge. Listed at \$79.90, falling to \$34.30 at 12 pieces — about 57% off the single-unit price. Larger quantities are priced on request.

Samples go out on request so you can check the steel and the finish before you place a real order.

Material	Stainless steel — we state the grade on your quotation
Reusable	Yes, autoclavable
Finish	Satin, mirror or black — your choice at order
Marking	Your logo or part number can be applied — ask us what is possible for this item

Femoral Tibial Spreaders Orthopedic Surgical Instrument

\$63.90 per piece

Trade price from \$44.50
Minimum order 2 pieces

- ✓ Surgical-grade stainless steel
- ✓ Reusable, autoclavable
- ✓ OEM / private-label marking

ABOUT THIS INSTRUMENT

This is our pattern of Femoral Tibial Spreaders Orthopedic Surgical Instrument, made for bone, joint and trauma surgery. Instruments of this type hold a wound or cavity open so the operating field stays visible.

Every piece is hand-finished and inspected before it leaves the bench:

joint action, tip alignment and surface finish are checked on each unit, not on a sample. Listed at \$63.90, falling to \$44.50 at 2 pieces — about 30% off the single-unit price.

Larger quantities are priced on request. Order it on its own or as part of a mixed shipment; we do not insist on a full container.

Material	Stainless steel — we state the grade on your quotation
Reusable	Yes, autoclavable

\$10.00 per piece

Trade price from \$6.00
Minimum order 50 pieces

- ✓ Surgical-grade stainless steel
- ✓ Reusable, autoclavable
- ✓ OEM / private-label marking

ABOUT THIS INSTRUMENT

We manufacture Hintermann Retractor Orthopedic Surgical Instruments Double Spring for bone, joint and trauma surgery — made from bar stock to finished instrument in house. Instruments of this type hold a wound or cavity open so the operating field stays visible. The name tells you what you are getting: spring action that returns the tips automatically.

Each unit is inspected by hand for alignment and action before packing, and we can photograph your actual pieces before they ship. Listed at \$10.00, falling to \$6.00 at 50 pieces — about 40% off the single-unit price. Larger quantities are priced on request.

Order it on its own or as part of a mixed shipment; we do not insist on a full container.

Minimum order 1 piece

- ✓ Surgical-grade stainless steel
- ✓ Reusable, autoclavable
- ✓ OEM / private-label marking

ABOUT THIS INSTRUMENT

Rib Approximator Surgical Kit for Controlled Rib Positioning is part of our orthopedic instruments range, produced start to finish at our Sialkot facility. Instruments of this type hold a wound or cavity open so the operating field stays visible. Supplied as a set — the contents can be adjusted to your list.

We work the instrument by hand at the finishing stage — box locks, hinges and tips are set individually, which is what separates a good instrument from a cheap one. Listed at \$149.00, falling to \$80.00 at 1 piece — about 46% off the single-unit price. Larger quantities are priced on request.

Small trial orders are welcome — most buyers start with a sample or a single carton before committing.

Material	Stainless steel — we state the grade on your quotation
Reusable	Yes, autoclavable
Finish	Satin, mirror or black — your choice at order
Marking	Your logo or part number can be applied — ask us what is possible for this item
Lead time	Typically 15–30 days depending on quantity and marking

Rib Approximator Thoracic Surgery Tool for Secure Rib Alignment

\$148.90 per piece

Trade price from \$90.00
Minimum order 1 piece

- ✓ Surgical-grade stainless steel
- ✓ Reusable, autoclavable
- ✓ OEM / private-label marking

ABOUT THIS INSTRUMENT

Rib Approximator Thoracic Surgery Tool for Secure Rib Alignment is part of our orthopedic instruments range, produced start to finish at our Sialkot facility. Instruments of this type hold a wound or cavity open so the operating field stays visible.

Every piece is hand-finished and inspected before it leaves the bench:

joint action, tip alignment and surface finish are checked on each unit, not on a sample. Listed at \$148.90, falling to \$90.00 at 1 piece — about 40% off the single-unit price.

Larger quantities are priced on request. Small trial orders are welcome — most buyers start with a sample or a single carton before committing.

Stainless Steel Bone Lever Hip Retractor
Curved 300mm 11.34"

\$7.00 per piece

Trade price from \$4.00
Minimum order 25 pieces

- ✓ Surgical-grade stainless steel
- ✓ Reusable, autoclavable
- ✓ OEM / private-label marking

ABOUT THIS INSTRUMENT

We manufacture Stainless Steel Bone Lever Hip Retractor Curved 300mm 11.34" for bone, joint and trauma surgery — made from bar stock to finished instrument in house.

Instruments of this type hold a wound or cavity open so the operating field stays visible. The name tells you what you are getting: a curved working end for reach around structures.

The 300mm size shown is our standard; other sizes in the same

pattern are made to order. The steel is heat treated and passivated for corrosion resistance, then each instrument is checked by hand for jaw meet, smooth action and finish. We state the grade we used on your quotation.

Listed at \$7.00, falling to \$4.00 at 25 pieces — about 43% off the single-unit price. Larger quantities are priced on request. Small trial orders are welcome — most buyers start with a sample or a single carton before committing.

\$69.99 per piece

Trade price from **\$64.39**

Minimum order 21 pieces

- ✓ Surgical-grade stainless steel
- ✓ Reusable, autoclavable
- ✓ OEM / private-label marking

Three Prong Cast Spreader 9 Inch Spring Action, Serrated Jaws One Hand Operation Premium Quality Stainless Steel Cast Remover Orthopedic Instrument.

3 prongs cast spreader is used for cast removal during orthopedic surgery procedures. The spring-loaded handle enables one-hand operation. The blade depth-stop feature prevents cutting beyond cast thickness. Cast Spreader is 9" (22.9cm) in length consider an effective cast removal aid that is designed to be used for medical professional purposes.

3 PRONG CAST SPREADER FEATURES

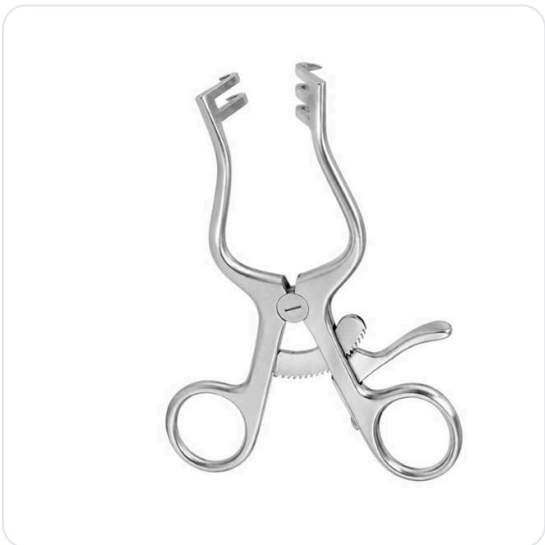

PREMIUM QUALITY 3 PRONG CAST SPREADER 9": The Three Prong Cast

Spreader is used to spread apart and remove hard plaster or fiberglass casting materials. It features three prongs, serrated jaws and spring action to allow one-hand operation.

PRECISE AND EASY TO USE: The 3 Prongs Cast Spreader is user friendly and easy to clean and fully autoclavable. The spring action feature allows for smooth, one-handed operation.

MADE OF DURABLE STAINLESS STEEL: The stainless steel construction ensures maximum durability and dependability. You can reuse cast spreader over time as they will not bend or tarnish.

QUALITY AND SAFETY STANDARDS: We take pride in the quality of our products, each item is inspected in the USA. 100% satisfaction guaranteed.
