6 Pcs Wax Carvers Set Dental Student Lab Fahnenstock, Lessmann & Con Scodelina

$39.99 per piece

Trade price from **$36.79**
Minimum order 21 pieces

✓ Surgical-grade stainless steel ✓ Reusable, autoclavable
✓ OEM / private-label marking

6 Pcs Wax Carvers Set Dental Student Lab Fahnenstock Lessmann Con Scodelina Plaster Knife Set Double Ended with Wooden Handle High Quality Stainless Steel Dental Lab Wax Knife to Carve and Mold a Variety of Waxes Used in the Dental Industry.

6 Pcs fahnenstock, lessmann & con scodelina dental lab plaster knife set includes small and large wax carvers is a specialized tool used in dental laboratories for handling plaster and other model materials. These wax carvers used to mix dental plaster and shape it during the model-making process. Excellent dental lab tools for trimming and carving help in cutting and shaping excess plaster to refine dental casts. Plaster knife spatulas, ideal for spreading and smoothing, assist in applying and leveling plaster on dental molds. The sturdy double ended blades allows careful separation of plaster models from impression trays designed to handle the tough nature of dental plaster. Ergonomic wood handle provides comfort and precision during use. These versatile dental wax carvers can be used for both wet and dry plaster applications.

6 PCS WAX CARVERS SET INCLUDES

- 1 x Con Scodelina Wax Knife Large 7" – Wooden Handle
- 1 x Lessmann Wax Knife Wax Knife Large 7" – Wooden Handle
- 1 x Fahnenstock Wax Knife Large 7" – Wooden Handle
- 1 x Lessmann Wax Knife Small 5" – Wooden Handle

Pack of 6 Young Tongue Forceps Surgical Oral Medical Clamp 6.5" (16.5cm) Tongue Seizing Forceps with Rubber Jaws Stainless Steel Dental Surgical Oral Instrument

Young Tongue Seizing Forceps is a specialized device that ENT and maxillofacial use for grasping, retracting and exposing the ventral surface of the tongue, especially during surgical procedures that require its excision or tissue harvesting. The forceps have rubber inserts to reduce trauma with curved shanks, finger rings and locking ratchets

YOUNG TONGUE FORCEPS FEATURES

QUALITY MATERIALS: These Young Tongue Holding Forceps are made from premium quality aluminum steel, ensuring superior durability and corrosion resistance.
USER FRIENDLY: Designed to be intuitive and easy to handle, allowing for precision during oral procedures. Its user-friendly design makes it a must-have for medical professionals.
EASY TO CLEAN: These forceps feature a high mirror finish that is not only aesthetically pleasing, but also facilitates easy cleaning and sterilization, ensuring safe usage every time.
RUBBER INSERTS: Young forceps feature soft, grooved, rubber jaws. The rubber inserts provide a comfortable grip, allowing for more secure handling and control during surgical procedures, enhancing accuracy and safety.
VERSATILE USAGE: Perfect for various

Edentulous Impression Trays Pack of 6 Perforated Small, Medium and Large Upper and Lower Stainless Steel Full Denture Restoration Dental Instrument

Dental impression trays are special devices that dentists use to place the impression material in to get an impression from the teeth and alveolar processus. These trays use to carry the material inside the mouth plus control the whole impression process.

These are an essential part of several procedures in dentistry i.e. for diagnostic reasons, impressions for use in prosthetics for fixed or mobile restorations, impressions in oral surgery, impressions in orthodontics, implantology, maxillofacial surgery and many other dentistry disciplines. We have Perforated and Non-Perforated metal trays for the traditional dental putty to create a cast of the patient's mouth.

IMPRESSION TRAYS PACKAGE INCLUDES:

6 Edentulous Metal Impression Tray Set Perforated (Oval Shape) in a Beautiful Carrying Box.

- 2 Pcs Impression Tray Perforated – Small – Upper & Lower
- 2 Pcs Impression Tray Perforated – Medium – Upper & Lower
- 2 Pcs Impression Tray Perforated – Large- Upper & Lower

6 Spencer Stitch Suture Scissors Set 3.5"

$30.83 per piece

Trade price from **$28.36**
Minimum order 21 pieces

✓ Surgical-grade stainless steel ✓ Reusable, autoclavable
✓ OEM / private-label marking

Pack of 6 Spencer Suture Scissors 3.5" (8.89cm) Stainless Steel Stitch Removal Scissors with Hook Medical Surgical Veterinary Instruments

Spencer Stitch Scissors are primarily used for suture removal. These scissors have a small hook shaped tip on one blade that slides under sutures to slightly lift them before cutting for removal. The hook also holds the suture so it does not slip off the blade of the scissors prior to cutting. This pair of Dental Suture Spencer Scissors has a 3-1/2" length, with smaller, more delicate tips that are perfect for removing smaller sutures. This product is straight with smooth, blunt/blunt tips. The stainless steel construction and OR quality make the Suture Scissors ideal for hospitals and specialty clinics.

SPENCER STITCH SUTURE SCISSORS FEATURES

3.5" SPENCER SUTURE SCISSORS: The suture scissors are primarily used for suture removal for medical, surgical and veterinary applications. They measure 3.5" and have smaller tips designed to perfectly remove smaller sutures.

SMALL HOOK ON BLADE FOR EASY OPERATION: These suture scissors have a small hook shaped tip on one blade that slides under sutures to slightly lift them before cutting for removal. This effective design ensures that the suture does not slip off the scissors prior to cutting.

MADE OF HIGH QUALITY STAINLESS STEEL: Constructed of durable

7 Pcs Tuning Fork Set including C64, C128, C256, C512, C1024, C2048 & C4096 for Healing Therapy Medical Surgical Diagnostic Instruments.

USE OF TUNING FORKS IN MEDICAL

- In the medical profession, tuning forks remain a preferred method of testing for certain types of hearing loss.
- Testing for hearing loss with a tuning fork is called a Rinne test.
- The Rinne test involves a doctor placing a humming tuning fork near the patient's skull.
- The doctor will then place the fork near the patient's ear.
- Using a stopwatch, the doctor will time how long the patient can hear it by the skull and the ear.
- If the patient feels the fork more through the jaw than they can hear it through the ear there is a problem conducting soundwaves.
- In addition to hearing loss, the tuning fork can be used to evaluate a wide range of other health problems.
- If X-rays are in short supply, doctors will use tuning forks to identify whether a bone is fractured or not.
- Doctors do this by simply striking a tuning fork and placing the vibrating fork close to the affected area.
- Tuning forks can also provide sound therapy which helps induce a deeper state of relaxation.
- The soundwaves the fork produces restores the balance in the body's chakras, keeping the muscles,

71 Pcs Endodontic Rubber Dam Clamps Set

$59.99 per piece

Trade price from **$55.19**
Minimum order 21 pieces

✓ Surgical-grade stainless steel ✓ Reusable, autoclavable
✓ OEM / private-label marking

Pack of 71 Pieces Endodontic Rubber Dam Clamp Stainless Steel Surgical Restorative Dental Instruments

Rubber Dam Clamps are used to isolate the restorative site from the rest of the mouth when performing restorative, cosmetic, or endodontic procedures such as root canals. They help prevent saliva and blood from interfering with dental work, keep the patient's mouth open to improve visibility and ensure instruments are not inhaled and do not damage the mouth. Rubber dam clamps also help provide patient comfort, since a suction in the mouth is not needed.

RUBBER DAM CLAMPS SET INCLUDED

1 Set of seventy one Rubber Dam Clamps stainless steel (assorted). We will ship one each of following 71 sizes;

0, 00, 1, 1A, 1T, 2, 2A, 2AT, 2T, 3, 4, 5, 6, 7, 7A, 8, 8A, 8AD, 9, 10, 11, 12, 12A, 13, 13A, 14, 14A, 14T, 15, 18, 22, 24, 25, 26, 26N, 27, 27N, 28, 29, 30, 31, 51, 56S, 60, 138, 139, 200, 201, 202, 203, 204, 205, 206, 207, 208, 209, 210, 211, 212, 212L, 212R, 212SA W0, W1, W3, W4, W7, W8, W8A, W14, W14A.

ABOUT THIS INSTRUMENT

8 Pcs Dental Dentist Pick Tool Kit Surgical Dental is an instrument we forge, grind and finish in our own Sialkot workshop. The steel is heat treated and passivated for corrosion resistance, then each instrument is checked by hand for action and finish.

Listed at $40.01, falling to $36.81 at 21 pieces - about 8% off the single-unit price. Larger quantities are priced on request.

Small trial orders are welcome — most buyers start with a sample or a single carton before committing.

Material	Stainless steel — we state the grade on your quotation
Reusable	Yes, autoclavable
Finish	Satin, mirror or black — your choice at order
Marking	Your logo or part number can be applied — ask us what is possible for this item
Lead time	Typically 15–30 days depending on quantity and marking

8 Pcs Jackson Trachea Tubes Set Size #3 – #10

$99.99 per piece

Trade price from **$91.99**
Minimum order 21 pieces

✓ Surgical-grade stainless steel ✓ Reusable, autoclavable
✓ OEM / private-label marking

Pack of 8 Jackson Trachea Tube Size #3 (O.D. 7mm) – #10 (O.D. 10mm) Regular Length, Original Model with Wing Lock Premium Quality Stainless Steel ENT Tracheostomy Surgical Instruments.

Tracheostomy Jackson Tube is a durable medical device made from surgical-grade stainless steel, designed to maintain an open airway in patients with compromised breathing. Jackson mainly used for long-term tracheostomy care and airway obstruction, reducing the need for sedation during mechanical ventilation. The uncuffed design minimizes tissue irritation for non-ventilated patients, and the removable inner cannula allows for easy cleaning without removing the entire tube, thus reducing pain and infection risks often associated with oral intubation.

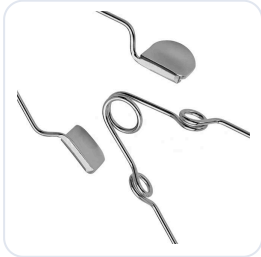

The 8-piece Jackson Trachea Tube set includes reusable metal tubes in sizes #3 to #10, each comprising an outer cannula, an inner cannula, and an obturator. This set accommodates various patient anatomies and allows for progression to larger sizes as a stoma matures. Manufactured from high-quality stainless steel for long-lasting reliability. Jackson tracheostomy metal tubes are easy to clean and can be reused after sterilization.

JACKSON TRACHEA TUBES FEATURES

- Crafted with Regular Length.
- Original Model with Wing Lock.

8 Pcs Wartenberg Pinwheel 1 Head Set with Color Handles

$49.99 per piece

Trade price from **$45.99**
Minimum order 21 pieces

✓ Surgical-grade stainless steel ✓ Reusable, autoclavable
✓ OEM / private-label marking

Pack of 8 Pcs Stainless Steel 1 Head Wartenberg Pinwheel 7" (17.8cm) Diagnostic Neurological Sensory Chiropractic Surgical Instruments with Color Handles

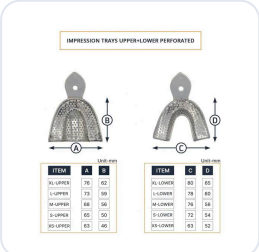

A Wartenberg wheel also called a Wartenberg pinwheel or Wartenberg neurowheel, is a medical device for neurological use. The Wartenberg pinwheel is a precision machined stainless steel rotating spur (steel wheel option only) designed for neurological use. It was designed to test nerve reactions as it glides across the skin. Professional, Reusable neurological pinwheel. It was originally designed by Dr Robert Wartenberg to test nerve reactions (sensitivity) as it rolled systematically across the skin. A Wartenberg wheel is generally made of stainless steel with a handle of approximately seven inches in length.

WARTENBERG PINWHEEL FEATURES

TEST NERVE SENSITIVITY: Designed to test nerve reactivity, pain perception, and sensory response.
EXCELLENT CRAFTSMANSHIP: Evenly-spaced sharp pins provide a stimulating feeling when rolled across skin.
HIGH QUALITY MATERIALS: Constructed of medical-grade stainless steel. They are easy to clean for multiple uses on many patients. They are corrosion-resistant and built to last without bending, breaking or tarnishing. Latex free and comfortable for both the user and the patient.
COMFORTABLE GRIP: Stainless steel

Set of 8 Dental Impression Trays Perforated Upper & Lower XS, S, M, L (Extra Small, Small, Medium and Large) Full-Arch Premium Quality Stainless Steel Autoclavable Denture Instruments

Dental impression trays are special devices that dentists use to place the impression material in to get an impression from the teeth and alveolar processus. These trays use to carry the material inside the mouth plus control the whole impression process.

These are an essential part of several procedures in dentistry i.e. for diagnostic reasons, impressions for use in prosthetics for fixed or mobile restorations, impressions in oral surgery, impressions in orthodontics, implantology, maxillofacial surgery and many other dentistry disciplines. We have Perforated and Non-Perforated metal trays for the traditional dental putty to create a cast of the patient's mouth.

9 Pieces Medical Diagnostic Nurse Set with FREE Penlight in Blue. Ideal for EMT, Nursing, Surgical, EMS, and Medical Students

This 9 pieces Medical Diagnostic Kit is an ideal starter kit for Medical Students. Professional grade medical diagnostic tools can cost hundreds of dollars, however, our diagnostic kit is designed to meet value and quality, while saving you money. Use the Taylor reflex hammer to practice assessing knees and other joints. Our high-grade EMT bandage scissors are designed to easily cut through thick and layered fabrics and stay sharp.

The C128 tuning vibrating fork has fixed weights and the C512 tuning fork is designed to be used on the Rinne and Weber hearing tests. A pair of forceps, one splinter (4.5″) and one kelly (5.5″ straight) are included with matching grip color The iris scissor and lister bandage scissor also come with matching grip, and are made of durable stainless steel. A dual head stethoscope is also included which gives outstanding acoustic clarity for precise and accurate results during practice examinations

9 PIECE MEDICAL KIT INCLUDES

- 1 Tuning Fork C 128 (Aluminum)
- 1 Tuning Fork C 512 (Aluminum)
- 1 Lister Bandage Scissor 5.5″ (14cm)
- 1 Iris Scissor 4.5″ (11.4cm)
- 1 Pair Of EMT Shears / Paramedic Scissors

92-Piece Reusable Open Heart

$300.00 per piece

Trade price from **$280.00**
Minimum order 1 set

✓ Surgical-grade stainless steel ✓ Reusable, autoclavable
✓ OEM / private-label marking

ABOUT THIS INSTRUMENT

92-Piece Reusable Open Heart is an instrument set we forge, grind and finish in our own Sialkot workshop. Instruments of this type cover a complete procedure in one tray, so nothing is missing at the table. The name tells you what you are getting: full reusability — clean, autoclave and use again.

Every piece is hand-finished and inspected before it leaves the bench: joint action, tip alignment and surface finish are checked on each unit, not on a sample. Listed at $300.00, falling to $280.00 at 1 set — about 7% off the single-unit price. Larger quantities are priced on request.

We ship door to door worldwide, and can quote DDP if you would rather not handle the import yourself.

Material	Stainless steel — we state the grade on your quotation
Reusable	Yes, autoclavable
Finish	Satin, mirror or black — your choice at order
Marking	Your logo or part number can be applied — ask us what is possible for this item
Lead time	Typically 15–30 days depending on quantity and marking

WI-36281949

Abdominal Depressor Stainless Steel Surgical Instrument Set

$35.00 per piece

Trade price from **$26.00**
Minimum order 10 pieces

✓ Surgical-grade stainless steel ✓ Reusable, autoclavable

Adson Brown Tissue Forceps 7×7 Teeth 4.75" Pack of 20 Pcs

$79.99 per piece

Trade price from **$73.59**
Minimum order 21 pieces

✓ Surgical-grade stainless steel ✓ Reusable, autoclavable
✓ OEM / private-label marking

Pack of 20 Pcs Adson Brown Tissue Forceps 7×7 Teeth Plastic Surgery Instrument 4.75"(12cm) Straight Tips Surgical Veterinary Instruments

The Adson Brown Forceps are used for holding and manipulating delicate tissues and light materials during suturing or other surgical procedures. These tissue forceps have a wide, flat thumb grasp area with horizontal ridges for a better grip. The jaws are short and the tips are narrow and they come in 4-3/4" length with two different tip configurations. The Adson Brown Forceps is similar to a standard tissue forceps except that it has 7×7 or 9×9 teeth on each side of the forceps jaw. Made with high-quality material can be autoclaved and sterilized easily for reuse purposes.

ADSON BROWN TISSUE FORCEPS FEATURES

ADSON BROWN FORCEPS 7X7 TEETH: The Adson Brown Tissue Forceps are the ideal addition to any hospital or clinical environment. They feature a wide flat thumb grasp area and are designed to allow the user to expertly hold the tissue in place during delicate procedures. The premium quality combined with affordable price sets the value high for these Adson Brown Tissue Forceps with straight tip having 7×7 Teeth.

O.R. GRADE T/C AND STAINLESS STEEL: Constructed of O.R. Grade high quality stainless steel and tungsten carbide for the highest degree of durability and product lifespan. These Tissue Forceps won't rust, tarnish

✓ OEM / private-label marking

ABOUT THIS INSTRUMENT

All-Size Universal Stainless Steel Surgical Hollowware Instruments is an instrument set we forge, grind and finish in our own Sialkot workshop. Instruments of this type cover a complete procedure in one tray, so nothing is missing at the table. The steel is heat treated and passivated for corrosion resistance, then each instrument is checked by hand for jaw meet, smooth action and finish.

We state the grade we used on your quotation. Listed at $15.00, falling to $12.00 at 25 pieces — about 20% off the single-unit price. Larger quantities are priced on request.

Order it on its own or as part of a mixed shipment; we do not insist on a full container.

Material	Stainless steel — we state the grade on your quotation
Reusable	Yes, autoclavable
Finish	Satin, mirror or black — your choice at order
Marking	Your logo or part number can be applied — ask us what is possible for this item
Lead time	Typically 15–30 days depending on quantity and marking

WI-35328915

Anatomy Dissecting Instrument Set

$8.00 per piece

Trade price from **$4.00**
Minimum order 1 set

✓ Surgical-grade stainless steel ✓ Reusable, autoclavable
✓ OEM / private-label marking

Material	Stainless steel — we state the grade on your quotation
Reusable	Yes, autoclavable
Finish	Satin, mirror or black — your choice at order
Marking	Your logo or part number can be applied — ask us what is possible for this item
Lead time	Typically 15–30 days depending on quantity and marking

ABOUT THIS INSTRUMENT

We manufacture Anatomy Dissecting Instrument Set for general and specialty operating theatre use — made from bar stock to finished instrument in house. Instruments of this type cover a complete procedure in one tray, so nothing is missing at the table. Supplied as a set — the contents can be adjusted to your list.

We work the instrument by hand at the finishing stage — box locks, hinges and tips are set individually, which is what separates a good instrument from a cheap one. Listed at $8.00, falling to $4.00 at 1 set — about 50% off the single-unit price. Larger quantities are priced on request.

We ship door to door worldwide, and can quote DDP if you would rather not handle the import yourself.

WI-35371691

Anatomy Dissecting Kit Medical Student Stainless Steel Tools

$8.00 per piece

Trade price from **$4.00**
Minimum order 1 set

✓ Surgical-grade stainless steel ✓ Reusable, autoclavable

Lead time	Typically 15–30 days depending on quantity and marking

ABOUT THIS INSTRUMENT

This is our pattern of Anatomy Dissecting Kit Medical Student Stainless Steel Tools, made for general and specialty operating theatre use. Instruments of this type cover a complete procedure in one tray, so nothing is missing at the table. Supplied as a set — the contents can be adjusted to your list.

Every piece is hand-finished and inspected before it leaves the bench: joint action, tip alignment and surface finish are checked on each unit, not on a sample. Listed at $8.00, falling to $4.00 at 1 set — about 50% off the single-unit price. Larger quantities are priced on request.

Order it on its own or as part of a mixed shipment; we do not insist on a full container.

ABOUT THIS INSTRUMENT

This is our pattern of Basic Pediatric Surgical Instruments Set Sterilization, made for general and specialty operating theatre use. Instruments of this type cover a complete procedure in one tray, so nothing is missing at the table. Supplied as a set — the contents can be adjusted to your list.

Every piece is hand-finished and inspected before it leaves the bench: joint action, tip alignment and surface finish are checked on each unit, not on a sample. Listed at $350.00, falling to $150.00 at 10 sets — about 57% off the single-unit price. Larger quantities are priced on request.

Tell us the quantity you actually need and we will price it, including quantities below the listed minimum.

Basic Pediatric Surgical Kit General Surgery Instruments for Pediatric

$239.40 per piece

Trade price from **$139.30**
Minimum order 2 sets

✓ Surgical-grade stainless steel ✓ Reusable, autoclavable
✓ OEM / private-label marking

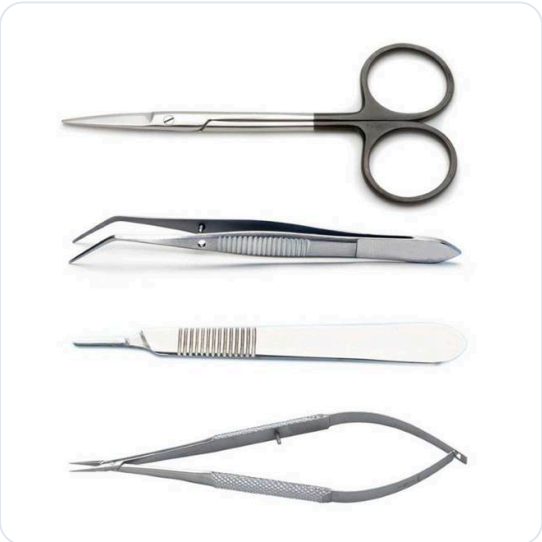

Material	Stainless steel — we state the grade on your quotation
Reusable	Yes, autoclavable
Finish	Satin, mirror or black — your choice at order
Marking	Your logo or part number can be applied — ask us what is possible for this item
Lead time	Typically 15–30 days depending on quantity and marking

ABOUT THIS INSTRUMENT

Basic Pediatric Surgical Kit General Surgery Instruments for Pediatric is an instrument set we forge, grind and finish in our own Sialkot workshop. Instruments of this type cover a complete procedure in one tray, so nothing is missing at the table. Supplied as a set — the contents can be adjusted to your list.

Forging, milling, heat treatment, hand finishing and passivation all happen under one roof, which is why we can change a dimension or a finish without a tooling charge. Listed at $239.40, falling to $139.30 at 2 sets — about 42% off the single-unit price. Larger quantities are priced on request.

Small trial orders are welcome — most buyers start with a sample or a single carton before committing.

Basic Surgical Dissecting Anatomy Set Reusable Instruments

$8.00 per piece

Trade price from **$4.00**
Minimum order 1 set

✓ Surgical-grade stainless steel ✓ Reusable, autoclavable
✓ OEM / private-label marking

Material	Stainless steel — we state the grade on your quotation
Reusable	Yes, autoclavable
Finish	Satin, mirror or black — your choice at order
Marking	Your logo or part number can be applied — ask us what is possible for this item
Lead time	Typically 15–30 days depending on quantity and marking

ABOUT THIS INSTRUMENT

Basic Surgical Dissecting Anatomy Set Reusable Instruments — one of 4,770 instruments we manufacture ourselves rather than buy in. Instruments of this type cover a complete procedure in one tray, so nothing is missing at the table. The name tells you what you are getting: full reusability — clean, autoclave and use again.

Supplied as a set — the contents can be adjusted to your list. The steel is heat treated and passivated for corrosion resistance, then each instrument is checked by hand for jaw meet, smooth action and finish. We state the grade we used on your quotation.

Listed at $8.00, falling to $4.00 at 1 set — about 50% off the single-unit price. Larger quantities are priced on request. Tell us the quantity you actually need and we will price it, including quantities below the listed minimum.

Pack of 5 Pcs Orthodontic Essentials Kit Including Bracket Holding Tweezers, T/C Distal End Cutter, T/C Hard Wire Cutter, Mouth Mirror and Probe – Premium Quality Stainless Steel Surgical Othodontics Dental Instruments.

Providing braces treatment requires various orthodontic and dental instruments, including dental probes, mirrors, and pliers. Dental instruments like probes and mirrors are essential daily, while various types of orthodontic pliers are used during orthodontic treatment. In orthodontics, finishing bends are performed using bracket-holding tweezers and hard wire cutters, with over 90% of cases involving these adjustments due to standardized bracket prescriptions and individual tooth size variations.

5 PCS ORTHO ESSENTIALS INSTRUMENT KIT INCLUDES

- 1 Pc TC Distal End Cutter
- 1 Pc TC Hard Wire Cutter
- 1 Pc Bracket Holding Tweezer Straight
- 1 Pc Probe #23 Single Ended
- 1 Pc Mouth Mirror with Handle

ABOUT THIS INSTRUMENT

College Tweezers 15cm Pack of 30 Pcs is an instrument we forge, grind and finish in our own Sialkot workshop. The steel is heat treated and passivated for corrosion resistance, then each instrument is checked by hand for action and finish.

Listed at $71.16, falling to $65.47 at 21 pieces - about 8% off the single-unit price. Larger quantities are priced on request.

Small trial orders are welcome — most buyers start with a sample or a single carton before committing.

Material	Stainless steel — we state the grade on your quotation
Reusable	Yes, autoclavable
Finish	Satin, mirror or black — your choice at order
Marking	Your logo or part number can be applied — ask us what is possible for this item
Lead time	Typically 15–30 days depending on quantity and marking

Complete 15 PC MINOR SURGERY Stainless Steel SUTURE

$28.00 per piece

Trade price from **$20.00**
Minimum order 10 sets

✓ Surgical-grade stainless steel ✓ Reusable, autoclavable
✓ OEM / private-label marking

ABOUT THIS INSTRUMENT

We manufacture Complete 15 PC MINOR SURGERY Stainless Steel SUTURE for general and specialty operating theatre use — made from bar stock to finished instrument in house. Instruments of this type cover a complete procedure in one tray, so nothing is missing at the table. The steel is heat treated and passivated for corrosion resistance, then each instrument is checked by hand for jaw meet, smooth action and finish.

We state the grade we used on your quotation. Listed at $28.00, falling to $20.00 at 10 sets — about 29% off the single-unit price. Larger quantities are priced on request.

We ship door to door worldwide, and can quote DDP if you would rather not handle the import yourself.

ABOUT THIS INSTRUMENT

This is our pattern of Complete Abdominal Vascular Surgery Set Cardiovascular Surgical Instruments, made for general and specialty operating theatre use. Instruments of this type cover a complete procedure in one tray, so nothing is missing at the table. Supplied as a set — the contents can be adjusted to your list.

Every piece is hand-finished and inspected before it leaves the bench: joint action, tip alignment and surface finish are checked on each unit, not on a sample. Listed at $180.00, falling to $172.00 at 1 set — about 4% off the single-unit price. Larger quantities are priced on request.

Tell us the quantity you actually need and we will price it, including quantities below the listed minimum.

ABOUT THIS INSTRUMENT

Cruciate Repair Pack Anatomical Model-Stainless Steel for Medical is part of our surgical instruments range, produced start to finish at our Sialkot facility. The steel is heat treated and passivated for corrosion resistance, then each instrument is checked by hand for jaw meet, smooth action and finish.

We state the grade we used on your quotation. Listed at $300.00, falling to $190.00 at 1 set — about 37% off the single-unit price.

Larger quantities are priced on request. Tell us the quantity you actually need and we will price it, including quantities below the listed minimum.

Material	Stainless steel — we state the grade on your quotation
Reusable	Yes, autoclavable
Finish	Satin, mirror or black — your choice at order
Marking	Your logo or part number can be applied — ask us what is possible for this item

Customizable Private Label

$25.00 per piece

Trade price from **$15.00**
Minimum order 10 sets

✓ Surgical-grade stainless steel ✓ Reusable, autoclavable
✓ OEM / private-label marking

ABOUT THIS INSTRUMENT

Customizable Private Label — one of 4,770 instruments we manufacture ourselves rather than buy in. Instruments of this type cover a complete procedure in one tray, so nothing is missing at the table.

Forging, milling, heat treatment, hand finishing and passivation all happen under one roof, which is why we can change a dimension or a finish without a tooling charge. Listed at $25.00, falling to $15.00 at 10 sets — about 40% off the single-unit price.

Larger quantities are priced on request. Small trial orders are welcome — most buyers start with a sample or a single carton before committing.

D&C Surgical Instrument Set Gynecology Curettage Kit Uterine Evacuation

$87.90 per piece

Trade price from **$52.00**
Minimum order 5 sets

✓ Surgical-grade stainless steel ✓ Reusable, autoclavable
✓ OEM / private-label marking

ABOUT THIS INSTRUMENT

We manufacture D&C Surgical Instrument Set Gynecology Curettage Kit Uterine Evacuation for general and specialty operating theatre use — made from bar stock to finished instrument in house. Instruments of this type cover a complete procedure in one tray, so nothing is missing at the table. Supplied as a set — the contents can be adjusted to your list.

Every piece is hand-finished and inspected before it leaves the bench: joint action, tip alignment and surface finish are checked on each unit, not on a sample. Listed at $87.90, falling to $52.00 at 5 sets — about 41% off the single-unit price. Larger quantities are priced on request.

Order it on its own or as part of a mixed shipment; we do not insist on a full container.

Extracap Phaco Set 15 PCS Eye Surgery

$250.00 per piece

Trade price from **$150.00**
Minimum order 1 set

✓ Surgical-grade stainless steel ✓ Reusable, autoclavable
✓ OEM / private-label marking

Material	Stainless steel — we state the grade on your quotation
Reusable	Yes, autoclavable
Finish	Satin, mirror or black — your choice at order
Marking	Your logo or part number can be applied — ask us what is possible for this item
Lead time	Typically 15–30 days depending on quantity and marking

ABOUT THIS INSTRUMENT

Extracap Phaco Set 15 PCS Eye Surgery is an instrument set we forge, grind and finish in our own Sialkot workshop. Instruments of this type cover a complete procedure in one tray, so nothing is missing at the table. Supplied as a 15-piece set.

We can add, drop or substitute items so the tray matches your protocol rather than ours. Every piece is hand-finished and inspected before it leaves the bench: joint action, tip alignment and surface finish are checked on each unit, not on a sample. Listed at $250.00, falling to $150.00 at 1 set — about 40% off the single-unit price.

Larger quantities are priced on request. We ship door to door worldwide, and can quote DDP if you would rather not handle the import yourself.

Eye Care Computer Repairing Tweezers Set Eye Brow Tweezers Beauty Tweezers

$19.49 per piece

Trade price from **$17.93**
Minimum order 21 pieces

✓ Surgical-grade stainless steel ✓ Reusable, autoclavable
✓ OEM / private-label marking

ABOUT THIS INSTRUMENT

Eye Care Computer Repairing Tweezers Set Eye Brow Tweezers Beauty Tweezers is an instrument we forge, grind and finish in our own Sialkot workshop. The steel is heat treated and passivated for corrosion resistance, then each instrument is checked by hand for action and finish.

Listed at $19.49, falling to $17.93 at 21 pieces - about 8% off the single-unit price. Larger quantities are priced on request.

Small trial orders are welcome — most buyers start with a sample or a single carton before committing.

Eye Muscle Surgery Instruments Set 23Pcs

$15.00 per piece

Minimum order 10 sets

✓ Surgical-grade stainless steel ✓ Reusable, autoclavable
✓ OEM / private-label marking

ABOUT THIS INSTRUMENT

Eye Muscle Surgery Instruments Set 23Pcs is part of our surgical instruments range, produced start to finish at our Sialkot facility. Instruments of this type cover a complete procedure in one tray, so nothing is missing at the table. Supplied as a 23-piece set.

We can add, drop or substitute items so the tray matches your protocol rather than ours. We work the instrument by hand at the finishing stage — box locks, hinges and tips are set individually, which is what separates a good instrument from a cheap one. Listed at $15.00.

Minimum order 10 sets, and the price moves with quantity. Tell us the quantity you actually need and we will price it, including quantities below the listed minimum.

Farabeuf Retractor 5" Double Ended Set of 2

$24.99 per piece

Trade price from **$22.99**
Minimum order 21 pieces

✓ Surgical-grade stainless steel ✓ Reusable, autoclavable
✓ OEM / private-label marking

Farabeuf Retractor 5" (12.7cm) Set of 2 Double Ended L-Shaped Blunt Smooth Edge Blade with Solid Handle Premium Quality Stainless Steel Hand-held Surgical Retractors for General & Orthopedic Procedures.

Farabeuf retractor is a hand-held, double-ended surgical instrument designed for retracting, holding back, or exposing superficial tissue layers like skin, fat, and muscle. It features L-shaped, blunt blades with a solid handle, making it suitable for small, shallow incisions in general, orthopedic and gynecological procedures. By gently holding soft tissues or organs away from the surgical field, it enhances visibility and access. Farabeuf Retractor typically comes in a set of two with standard (6 inches) and "baby" (5 inches) sizes, and its blunt edges help prevent damage to surrounding tissues. It can effectively retract multiple tissue layers with a solid handle, and the blade is suited for widening deep surgical incisions. Manufactured from high-quality stainless steel, are easily sterilizable, and are crafted to assist in multiple procedures.

FARABEUF RETRACTOR FEATURES

- Size: 5" (12.7cm).
- Set of Two Pieces with Different Blade Lengths.
- Double-ended, L-shaped Blades with Blunt Smooth Edges.
- Ergonomic Solid Handle for Superior Control.

Fiber Optic Mini Otoscope Ophthalmoscope Blue Set with 10 Disposable Ear Spatulas & Replacement Spare Bulbs – Perfect for Nursing & Medical Students with Carry Case.

Mini otoscope and ophthalmoscope set is a 2-in-1 medical diagnostic tool used to examine the ears, eyes, nose, and throat. The otoscope examines the ear canal and eardrum for infections, wax buildup, or blockage, while the ophthalmoscope evaluates the interior eye, including the retina and optic nerve. This new premium grade mini otoscope ophthalmoscope set is perfect for professionals, medical students and home use. This kit includes 10 spatula sizes for both adults and children, featuring a high-quality fiber optic design and a 3X magnified optical lens for a clear view. It comes with LED illumination, a lens corrector dial, a spare LED bulb, and is packaged in a carry case for easy transport and storage.

MINI OTOSCOPE OPHTHALMOSCOPE SET INCLUDES

- 1 Fiber Optic Ophthalmoscope – Blue
- 1 Fiber Optic Otoscope – Blue
- 10 Speculas 2.5mm to 4.0mm
- Replacement LED Bulb
- Black Carrying Case

Fiberoptic Miller Laryngoscope Set with Handle & Case

$79.99 per piece

Trade price from **$73.59**
Minimum order 21 pieces

✓ Surgical-grade stainless steel ✓ Reusable, autoclavable
✓ OEM / private-label marking

Fiber Optic Miller Laryngoscopy Set features one medium handle and Five Miller blades, sizes 0,1, 2, 3, & 4 First Responder Kit EMT Anesthesia Intubation Diagnostic Surgical. The medium size handle requires C batteries.

Laryngoscope set is used for larynx examination, anesthesia, and resuscitation for endotracheal intubation. The Miller Laryngoscope Blade is the most popular of the straight laryngoscopes. The side of the flange is reduced to minimize trauma and the curve at the beak or tip is extended to improve lifting of the epiglottis. These improvements facilitate greater exposure of the larynx in difficult-to-intubate patients. Oral Airway Miller blades are available in dull finish hence reduce reflections. Blade flattened to move the patient's tongue aside, rather than compressed. Flat base to help to hold the tongue out of the field of view. Overall field of view increased by modifying the cross-sectional area of the blade without altering width or height. Miller Laryngoscope set first responder kit is 100% brand new premium grade Stainless Steel construction.

FIBEROPTIC MILLER LARYNGOSCOPE SET INCLUDES:

- 1 Pc Fiber Optic Miller Blade #0
- 1 Pc Fiber Optic Miller Blade #1
- 1 Pc Fiber Optic Miller Blade #2
- 1 Pc Fiber Optic Miller Blade #3
- 1 Pc Fiber Optic Miller Blade #4

Fox Dermal Curettes Dermatology 6 Pcs Set 1mm-6mm

$32.99 per piece

Trade price from **$30.35**
Minimum order 21 pieces

✓ Surgical-grade stainless steel ✓ Reusable, autoclavable
✓ OEM / private-label marking

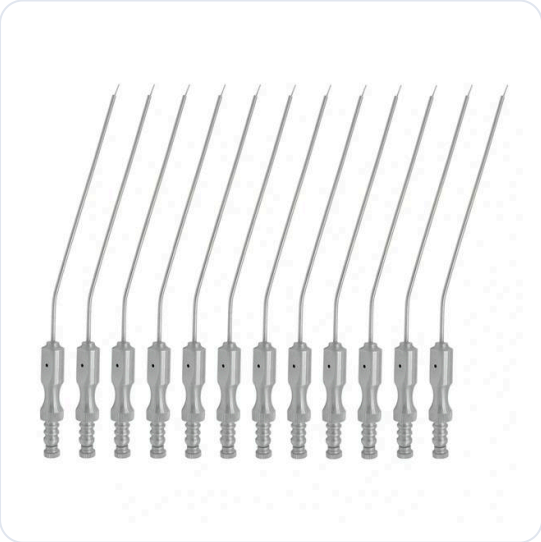

6 Pcs Set of Fox Dermal Curettes Dermatology 1mm-6mm Round Tip – 5.5″ (14cm) Flat Handle ENT Stainless Steel Surgical Medical Instruments

Fox Dermal Curette is commonly used in dermatology to scrape the skin growths such as excess skin surface, warts, and cancer. It features a ring-shaped cutting edge and a flat handle. It comes with multiple variations, so you can pick the best one for your surgical kit. It is crafted from high-grade surgical stainless steel.

Fox Dermal Curette is used for scraping skin lesions and growths such as warts. It is a single-ended instrument available with an oval or round loop tip. The loop is sharp on the inside and blunt on the outside so the lesion can be removed, but the surrounding skin is not damaged. A variety of tip sizes are available to accommodate varying lesion sizes. The handle of the Fox curette is flat and lightweight.

We offer an extensive range of surgical curettes with multiple variations. Our versatile instruments are perfect to be a part of your amazing surgical kit for years if cared for properly. These instruments are widely preferred to perform a broad range of surgical operations. We can also design our surgeons' custom kit packs according to their needs. The instruments are all fine, durable, and sharp.

✓ Surgical-grade stainless steel ✓ Reusable, autoclavable
✓ OEM / private-label marking

Pack of 12 Pcs Frazier Suction Tubes Set 7.6″ with Finger Cut-Off Angled Dental ENT Surgical Diagnostic Instruments (all sizes available)

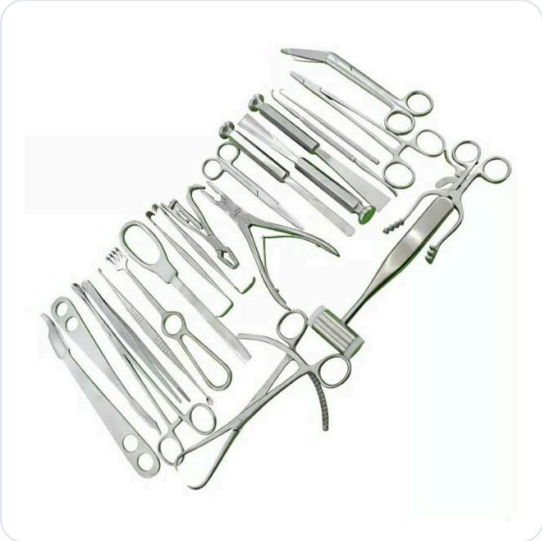

Frazier Aspiration Tubes are used to suction away debris and liquid from a wound during surgical procedures. Used for precision suction in the oral cavity. Includes a removable wire stylet used to clean out bone or tooth fragments from the tip and foreign objects from the ear canal or nasal passages. Its principal use is to provide an atraumatic way to clean the surgical field and expose vital structures. Frazier Suction Tube features a finger cut-off valve to manipulate the device and control suctioning. Also, the bottom connection is useful to attach the tube to a vacuum pump that permits to aspire fluids. They are ideal for both left and right-hand usage.

FRAZIER SUCTION TUBE FEATURES

- Slim Profile with Multiple Variants Can Easily Traversing Narrow Spaces.
- 19.3cm Overall Length Ensuring Deep Surgical Reach.
- Finger Cut-Off Valve for Controlled Aspiration.
- Angled Design so View is Not Obstructed
- Cleaning Wire for Eliminating Trapped Material

PACKAGE INCLUDES:

- 12 Pcs (One Dozen) Frazier Suction Tube 7.6″ (19.3cm) Finger Cut-Off Angled

General Surgical Instruments Kit

$210.00 per piece

Trade price from **$180.00**
Minimum order 1 set

✓ Surgical-grade stainless steel ✓ Reusable, autoclavable
✓ OEM / private-label marking

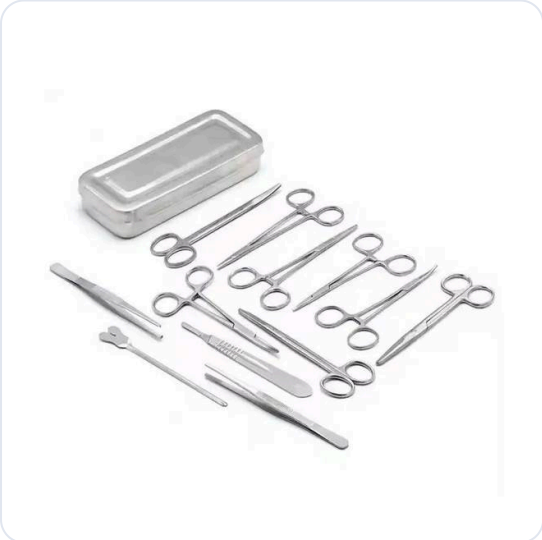

Material	Stainless steel — we state the grade on your quotation
Reusable	Yes, autoclavable
Finish	Satin, mirror or black — your choice at order
Marking	Your logo or part number can be applied — ask us what is possible for this item
Lead time	Typically 15–30 days depending on quantity and marking

ABOUT THIS INSTRUMENT

We manufacture General Surgical Instruments Kit for general and specialty operating theatre use — made from bar stock to finished instrument in house. Instruments of this type cover a complete procedure in one tray, so nothing is missing at the table. Supplied as a set — the contents can be adjusted to your list.

Forging, milling, heat treatment, hand finishing and passivation all happen under one roof, which is why we can change a dimension or a finish without a tooling charge. Listed at $210.00, falling to $180.00 at 1 set — about 14% off the single-unit price. Larger quantities are priced on request.

Samples go out on request so you can check the steel and the finish before you place a real order.

ABOUT THIS INSTRUMENT

German Standard Minor Surgery Instruments Set 13 is part of our surgical instruments range, produced start to finish at our Sialkot facility. Instruments of this type cover a complete procedure in one tray, so nothing is missing at the table. Supplied as a set — the contents can be adjusted to your list.

Every piece is hand-finished and inspected before it leaves the bench: joint action, tip alignment and surface finish are checked on each unit, not on a sample. Listed at $190.00, falling to $187.00 at 25 sets — about 2% off the single-unit price. Larger quantities are priced on request.

Samples go out on request so you can check the steel and the finish before you place a real order.

Gynecological Dilation Curettage Set Uterine Surgical Instruments for D&C

$80.00 per piece

Trade price from **$35.00**
Minimum order 10 sets

✓ Surgical-grade stainless steel ✓ Reusable, autoclavable
✓ OEM / private-label marking

ABOUT THIS INSTRUMENT

Gynecological Dilation Curettage Set Uterine Surgical Instruments for D&C is an instrument set we forge, grind and finish in our own Sialkot workshop. Instruments of this type cover a complete procedure in one tray, so nothing is missing at the table. Supplied as a set — the contents can be adjusted to your list.

Forging, milling, heat treatment, hand finishing and passivation all happen under one roof, which is why we can change a dimension or a finish without a tooling charge. Listed at $80.00, falling to $35.00 at 10 sets — about 56% off the single-unit price. Larger quantities are priced on request.

We ship door to door worldwide, and can quote DDP if you would rather not handle the import yourself.

Material	Stainless steel — we state the grade on your quotation
Reusable	Yes, autoclavable
Finish	Satin, mirror or black — your choice at order
Marking	Your logo or part number can be applied — ask us what is possible for this item
Lead time	Typically 15–30 days depending on quantity and marking

Gynecological Hysterectomy Instrument Kit Uterus Removal Surgery Tools

$220.00 per piece

Trade price from **$179.00**
Minimum order 2 sets

✓ Surgical-grade stainless steel ✓ Reusable, autoclavable
✓ OEM / private-label marking

ABOUT THIS INSTRUMENT

Gynecological Hysterectomy Instrument Kit Uterus Removal Surgery Tools — one of 4,770 instruments we manufacture ourselves rather than buy in. Instruments of this type cover a complete procedure in one tray, so nothing is missing at the table. Supplied as a set — the contents can be adjusted to your list.

Each unit is inspected by hand for alignment and action before packing, and we can photograph your actual pieces before they ship. Listed at $220.00, falling to $179.00 at 2 sets — about 19% off the single-unit price. Larger quantities are priced on request.

Samples go out on request so you can check the steel and the finish before you place a real order.

Gynecology Delivery Surgical Instrument Set Stainless Steel OB/GYN

$90.00 per piece

Minimum order 10 sets

✓ Surgical-grade stainless steel ✓ Reusable, autoclavable
✓ OEM / private-label marking

ABOUT THIS INSTRUMENT

This is our pattern of Gynecology Delivery Surgical Instrument Set Stainless Steel OB/GYN, made for general and specialty operating theatre use. Instruments of this type cover a complete procedure in one tray, so nothing is missing at the table. Supplied as a set — the contents can be adjusted to your list.

The steel is heat treated and passivated for corrosion resistance, then each instrument is checked by hand for jaw meet, smooth action and finish. We state the grade we used on your quotation. Listed at $90.00.

Minimum order 10 sets, and the price moves with quantity. Order it on its own or as part of a mixed shipment; we do not insist on a full container.

Hand Surgery Kit 17 PCS Precision Micro

$110.00 per piece

Trade price from **$90.00**
Minimum order 1 set

✓ Surgical-grade stainless steel ✓ Reusable, autoclavable
✓ OEM / private-label marking

ABOUT THIS INSTRUMENT

We manufacture Hand Surgery Kit 17 PCS Precision Micro for general and specialty operating theatre use — made from bar stock to finished instrument in house. Instruments of this type cover a complete procedure in one tray, so nothing is missing at the table. The name tells you what you are getting: a micro-scale working end for fine and delicate work.

Supplied as a set — the contents can be adjusted to your list. Every piece is hand-finished and inspected before it leaves the bench: joint action, tip alignment and surface finish are checked on each unit, not on a sample. Listed at $110.00, falling to $90.00 at 1 set — about 18% off the single-unit price.

Larger quantities are priced on request. We ship door to door worldwide, and can quote DDP if you would rather not handle the import yourself.

Home Surgical Kit of 7 Pcs Basic First Aid Set

$30.49 per piece

Trade price from **$28.05**
Minimum order 21 pieces

✓ Surgical-grade stainless steel ✓ Reusable, autoclavable
✓ OEM / private-label marking

High Quality Home Surgical Kit of 7 Basic First Aid Medical Tools Dressing Scissor, Adson Tissue Forcep, Kelly Homestate, Probe and Thumb Dressing Forceps Stainless Steel Surgical Instruments

Our Home Bandage Kit is chosen by medical practitioners for home, office and travel use. This kit has all the necessary instruments for a personal first aid bandage. All instruments are made from surgical grade stainless steel used by professional Doctors and Surgeons. Basic bandage care at home is very important. Bandages must be assessed regularly to ensure they are intact, dry and clean. A dirty or moist bandage provides the perfect environment for bacteria growth. Very severe skin infections and incisional infections can occur in this situation. All instruments are packed in a carrying case for easy carriage.

HOME SURGICAL KIT SET INCLUDE

- Dressing Scissors Sharp/Blunt Straight 5.5″ (14cm)
- Adson Forceps Serrated 4.75″ (12cm)
- Thumb Dressing Forceps 6.25″ (16cm)
- Kelly Hemostat Forcep Straight 5.5″ (14cm)
- Kelly Hemostat Forcep Curved 5.5″ (14cm)
- Scalpel Handle #4
- Probe Sharp – Single Ended

with **FREE** Scalpel Blades & Carrying Case

Major Vascular Surgery Set 62Pcs Stainless Steel Surgical

$290.00 per piece

Trade price from **$230.00**
Minimum order 1 set

✓ Surgical-grade stainless steel ✓ Reusable, autoclavable
✓ OEM / private-label marking

ABOUT THIS INSTRUMENT

Major Vascular Surgery Set 62Pcs Stainless Steel Surgical is an instrument set we forge, grind and finish in our own Sialkot workshop. Instruments of this type cover a complete procedure in one tray, so nothing is missing at the table. Supplied as a 62-piece set.

We can add, drop or substitute items so the tray matches your protocol rather than ours. We work the instrument by hand at the finishing stage — box locks, hinges and tips are set individually, which is what separates a good instrument from a cheap one. Listed at $290.00, falling to $230.00 at 1 set — about 21% off the single-unit price.

Larger quantities are priced on request. Samples go out on request so you can check the steel and the finish before you place a real order.

Material	Stainless steel — we state the grade on your quotation
Reusable	Yes, autoclavable
Finish	Satin, mirror or black — your choice at order
Marking	Your logo or part number can be applied — ask us what is possible for this item
Lead time	Typically 15–30 days depending on quantity and marking

McIvor Mouth Gag Complete Set of 3 Tongue Blades & Frame

$39.99 per piece

Trade price from **$36.79**
Minimum order 21 pieces

✓ Surgical-grade stainless steel ✓ Reusable, autoclavable
✓ OEM / private-label marking

Premium Quality Mcivor Mouth Gag Complete Set with Three Tongue Blades for Surgical ENT, Dental, Tonsillectomy, Laryngeal Anesthesia Instruments

MCIVOR mouth gag is a specialized tool that dentists, ENT and maxillofacial surgeons commonly use to separate the lower and upper dental arches, in order to obtain maximum exposure of the oral cavity and the throat. Its principal use is to provide an atraumatic way to keep the mouth from closing during oral procedures, create upper and oral pharyngeal space, and stabilize the patient's head during the surgical procedure or tonsillectomy.

MCIVOR MOUTH GAG FEATURES

- Superior Oval Shaped Fenestrated Wire Frame to Broaden the Mouth's Opening.
- Silicone Tube Cover to Protect the Oral Mucosa From Pressure Injuries.
- 3 Different Sizes of Tongue Depressors are Available to Protect the Tongue.
- Blade Ratcheted Locking.
- Fully Autoclavable and Reusable
- Made with German Grade Surgical Stainless Material.

PACKAGE INCLUDE:

McIvor Mouth Gag Frame 6" (15.24cm) – Includes 3 Tongue Blades;

- 1 Mcivor Mouth Gag – Blade No.2, 6.8cmx2.5cm
- 1 Mcivor Mouth Gag – Blade No.3, 8.5cmx2.5cm

Medic Instrument

$7.00 per piece

Trade price from **$4.00**
Minimum order 10 pieces

✓ Surgical-grade stainless steel ✓ Reusable, autoclavable
✓ OEM / private-label marking

ABOUT THIS INSTRUMENT

This is our pattern of Medic Instrument, made for general and specialty operating theatre use. Instruments of this type cover a complete procedure in one tray, so nothing is missing at the table. The steel is heat treated and passivated for corrosion resistance, then each instrument is checked by hand for jaw meet, smooth action and finish.

We state the grade we used on your quotation. Listed at $7.00, falling to $4.00 at 10 pieces — about 43% off the single-unit price. Larger quantities are priced on request.

Order it on its own or as part of a mixed shipment; we do not insist on a full container.

ABOUT THIS INSTRUMENT

This is our pattern of Micro Surgery Set 4 PCS Reusable Microsurgical, made for general and specialty operating theatre use. Instruments of this type cover a complete procedure in one tray, so nothing is missing at the table. From the pattern: a micro-scale working end for fine and delicate work, and full reusability — clean, autoclave and use again.

Supplied as a 4-piece set. We can add, drop or substitute items so the tray matches your protocol rather than ours. Every piece is hand-finished and inspected before it leaves the bench: joint action, tip alignment and surface finish are checked on each unit, not on a sample.

Listed at $25.00, falling to $12.00 at 10 sets — about 52% off the single-unit price. Larger quantities are priced on request. Order it on its own or as part of a mixed shipment; we do not insist on a full container.

Multi Rainbow Color Mosquito Forceps Set 5″ Straight+Curved

$15.99 per piece

Trade price from **$14.71**
Minimum order 21 pieces

✓ Surgical-grade stainless steel ✓ Reusable, autoclavable
✓ OEM / private-label marking

Pack of 2 Multi Titanium Rainbow Color Halsted Mosquito Micro Forcep Curved 5″ (12.7cm) Serrated Jaws Hemostat Clamps Locking Forceps High-Quality Stainless Steel Surgical Dental Instruments Tool

Halsted Mosquito Hemostatic Forceps are versatile, ratcheted, finger ring forceps used to clamp off smaller vessels that control the flow of blood and other clamping tasks in general surgical procedures. The ratcheted finger ring handle of Halstead Forceps provides a secure, locking grip to halt blood flow. A toothed variation is available for grasping delicate tissue in skin grafting, biopsies, or ophthalmologic procedures. They are not appropriate for use with large vessels or arteries.

SET INCLUDES:

- Mosquito Hemostat Forceps 5″ (12.7cm) Straight – Multi Rainbow Color
- Mosquito Hemostat Forceps 5″ (12.7cm) Curved – Multi Rainbow Color

HALSTED MOSQUITO FORCEPS FEATURES

RAINBOW HEMOSTAT MOSQUITO FORCEPS: Our rainbow color coated 5″ Curved Halsted Mosquito are ideal for personal or professional use as fishing forceps or in electronic repair, crafting, medical, model building, or any operation that requires a delicate touch. The large finger loops, precision tips, and serrated self-locking jaws are ideal for grasping small objects securely.

NABATOFF Vein Stripper Set with Sterilizer Case

$21.99 per piece

Trade price from **$20.23**
Minimum order 21 pieces

✓ Surgical-grade stainless steel ✓ Reusable, autoclavable
✓ OEM / private-label marking

Premium Quality NABATOFF Vein Stripper Complete Set with Sterilization Case Medical Surgical Instruments.

Nabatoff Vein stripper is a specialized surgical set that cardiovascular surgeons use to strip off varicose veins, in order to restore the blood flow in the lower limbs and prevent other venous pathologies. After the incision, the wire is inserted into the vein so it can be pulled out. Made with German grade stainless steel can be reused after sterilization.

Nabatoff is a complete set loaded in a oval shaped stainless steel sterilizing case that includes several tools such as traction cable, handle, probe tips and olive adaptors of different sizes. The sterilization case has circular fenestrations on the lid and sliding mechanism which allows the steam to flow in. The multiple olives probe tips have a blunt design to explore the lumen of veins and guide the traction cable.

NABATOFF VARICOSE VEIN STRIPPER SET INCLUDES

- 2 Probe Tips
- 3mm, 9mm, and 15mm Olive adaptors
- Traction Cable
- Handle
- Sterilizing SS Box

PACKAGE INCLUDE:

- 1 Nabatoff Vein Stripper Complete Set

New 4.5" Iris Scissors Curved Tip 5 Pcs Set

$26.99 per piece

Trade price from **$24.83**
Minimum order 21 pieces

✓ Surgical-grade stainless steel ✓ Reusable, autoclavable
✓ OEM / private-label marking

Pack of 5 Iris Scissors 4.5" (11.43 cm) Curved German Grade Stainless Steel Dental Surgical Veterinary Instruments

Iris Scissor is a specialized instrument that was originally used to dissect the delicate tissues of the eye during ocular surgeries. It is now commonly preferred by surgeons for sharp dissection of sensitive tissue in Neuro, Plastic and general surgeries. Iris Scissor comes with pointy tips that are ideal for sharp dissection of tissues. Available in Straight and Curved variations.

IRIS SCISSORS FEATURES

IRIS SCISSORS CURVED: The curved blades are designed for better access to tissues. This scissor have 2 small curved jaws, adjustable screw, long body shank with big ring handles. They are great for sutures + dissection studies as well as for many other procedures like ophthalmic, often used in emergency rooms and for OB/GYN and dermatologic procedures as well.
STAINLESS STEEL CONSTRUCTION: The german grade stainless steel construction ensures maximum durability and dependability. You can reuse these scissors over time as they will not bend or tarnish on you. High quality stainless steel, excellent international quality standard.
ULTRASONIC CLEANED + AUTOCLAVABLE: To add even more value to our durable, long lasting iris scissors, they are ultrasonic cleaned and fully autoclavable. You can reuse these durable instruments for many years, as they are extremely hygienic.

Pack of 20 Pcs EMT Scissors Set 7.25"

$35.99 per piece

Trade price from **$33.11**
Minimum order 21 pieces

✓ Surgical-grade stainless steel ✓ Reusable, autoclavable
✓ OEM / private-label marking

Pack of 20 Pairs Assorted Rainbow Colors Heavy Duty EMT EMS Bandage Scissors 7.25" (**18.4 cm**) These Top Quality Utility Trauma Shears Set has Stainless Steel Blades and Plastic Handles considered perfect First Aid Paramedic Nursing tool for fast removal of clothing from patients, dressings, and other restrictive items

EMT EMS BANDAGE SHEARS FEATURES

HEAVY-DUTY CONSTRUCTION: The EMT Shears feature high-quality stainless steel blades with razor-sharp edges and milled serrations for cutting through the toughest materials over and over. Great for medical emergencies or any situation where heavy cutting strength is needed.

SUPER SHARP: These medical scissors are sharp and durable for fast removal of clothing from patients, dressings, and other restrictive items. The blades are not only 3x harder than Stainless Steel but also the blades have a non-stick surface that resists the stickiness of tape, glue, etc. Enhanced serrated lower edge cuts through the toughest materials. Effortlessly cuts through materials such as bandages, clothing, vinyl, leather, multiple layers of thick fabrics, or even a penny!
PREMIUM PERFORMANCE: The soft-grip, non-slip contoured handles with large finger openings are specially created to stand up to rough treatment and autoclave temperatures to 290 F/143 C. The bandage shears have an ergonomic handle design that makes these heavy-duty scissors comfortable

Pratt Rectal Speculum 8.5" (21.6cm) with Set Screw

$29.99 per piece

Trade price from **$27.59**
Minimum order 21 pieces

✓ Surgical-grade stainless steel ✓ Reusable, autoclavable
✓ OEM / private-label marking

High Quality Pratt Rectal Speculum 8.5" (21.6cm) Chrome Plated Anal Rectoscopy Proctology Rectum OB/GYN Urology Surgical Medical Instruments

The Pratt Rectal Speculum use is to broaden the lumen of the anal and rectal canals during explorative or surgical procedures. This speculum features a pair of concave blades designed to separate the rectum's walls. Pratt Speculum features two blades that form a tapering hollow cylinder. In addition, the blunt edges of the blades minimize local damage and allow for slipping the device with ease. The screw mechanism features allowing for self-locking the jaws at specific widths. Also, the grip style handle includes outer ridges that prevent slippage and finger strain.

PRATT RECTAL SPECULUM FEATURES

PRATT RECTAL RETRACTOR: Pratt Rectal Speculum with Set Screw is a specialized device that gastroenterology and proctology surgeons use to explore the lower digestive tract, in order to localize abnormalities and permit access for other instruments. Ideal for hospitals and specialty clinics.
SAFE & SECURE: This Speculum offers an easy and non-slip grip with 2 blades opened by spring handles. The blunt edges of the blades minimize local damage and allow for slipping the device with ease.
SCREW MECHANISM: The 2 blades

Lead time	Typically 15–30 days depending on quantity and marking

ABOUT THIS INSTRUMENT

We manufacture Reusable Knee Arthroscopy Instruments for general and specialty operating theatre use — made from bar stock to finished instrument in house. Instruments of this type cover a complete procedure in one tray, so nothing is missing at the table. The name tells you what you are getting: full reusability — clean, autoclave and use again.

We work the instrument by hand at the finishing stage — box locks, hinges and tips are set individually, which is what separates a good instrument from a cheap one. Listed at $750.00, falling to $740.00 at 1 set — about 1% off the single-unit price. Larger quantities are priced on request.

Samples go out on request so you can check the steel and the finish before you place a real order.

Pack of 2 Halsted Mosquito Forceps 5" (12.7cm) Straight & Curved Serrated Jaws Hemostat Clamps Locking Forceps High-Quality Stainless Steel Surgical Dental Instruments Tool

Halsted Mosquito Hemostatic Forceps are versatile, ratcheted, finger ring forceps used to clamp off smaller vessels that control the flow of blood and other clamping tasks in general surgical procedures. The ratcheted finger ring handle of Halstead Forceps provides a secure, locking grip to halt blood flow. A toothed variation is available for grasping delicate tissue in skin grafting, biopsies, or ophthalmologic procedures. They are not appropriate for use with large vessels or arteries.

Mosquito forceps are known for their fine tips, and short, fully serrated jaws. They are available curved or straight. The standard length for this instrument is 5 inches, although does offer some with a length of 5-1/2 inches. Halsted Mosquito Forceps are very similar to Hartmann Mosquito Forceps, however, the Hartmann style is finer and more delicate.

HALSTED-MOSQUITO FORCEPS FEATURES

2 PCS HALSTED HEMOSTAT FORCEPS SET: 5" curved & straight mosquito forceps are ideal for personal or professional use as fishing forceps or in electronic repair, crafting, medical, model building, or any operation that requires a delicate touch. The large finger loops, precision tips, and

Richardson-Eastman Retractors Double Ended Set of Two Small and Large Retractor Multipurpose General Surgery Surgical & Veterinary Instruments

Richardson-Eastman Retractor is the double-ended version of the Richardson Retractor. It is a handheld, right angle retractor used for holding back layers of tissue close to the surface. The concave blades are different sizes and both feature a crescent-shaped lip. Often the smaller blade will be used for an initial retraction, then the larger blade will be inserted for full retraction.

Richardson Eastman Retractors are commonly used in procedures such as abdominal surgeries, rectal procedures, and gynecological surgeries. The double-ended design allows for greater flexibility and precision during the surgical procedure, providing surgeons with the ability to choose the appropriate blade for the specific task at hand. These Retractors have Double Ended is a reliable and essential tool for surgeons, ensuring precise and accurate tissue retraction and manipulation, which is crucial in achieving successful surgical outcomes.

RICHARDSON-EASTMAN RETRACTOR FEATURES:

- Hand Held Retractors with Different Two Working End Sizes
- Versatile Double-Ended Design For Effortless Retraction.
- Concave Upper Blade Surface for Preventing Local Injury.

Set of 3 Cusco Vaginal Speculum Small Medium & Large

$29.99 per piece

Trade price from **$27.59**
Minimum order 21 pieces

✓ Surgical-grade stainless steel ✓ Reusable, autoclavable
✓ OEM / private-label marking

Pack of 3 High Quality Cusco Vaginal Speculum Side Screw Model (Small, Medium & Large) with Folding Handles Reusable Vaginal Speculum Gynecology Surgical Instruments.

This Vaginal Speculum was named after French surgeon Édouard-Gabriel Cusco (1819–1894). It is the most popular Gynecological speculum. Cusco speculum is bivalved (two blades) which opens like a duck beak used for examination of, or procedures within, the vaginal canal. Cusco being self-retaining means you do not require the help of an assistant or your second hand to keep the speculum in place. Cusco Speculum is preferred for some procedures like cryotherapy since it protects both the anterior and posterior vagina wall. It also acts as the vaginal wall retractor. The Cusco Vaginal Speculum is available in various sizes of blades to accommodate a wide range of cases.

CUSCO VAGINAL SPECULUM FEATURES:

CUSCO VAGINAL SPECULA/CUSCO SPECULUM: The Cusco is a bivalved self-retaining speculum used for vaginal and cervical examinations. It has a jaw that opens up like a duck bill.
EASY TO USE: The Cusco Vaginal Speculum is user-friendly and easy to use. The design includes a 2 blades with side screw handle for a secure grip on the instrument.
ADJUSTABLE: The smooth & lightweight design adds to the comfort of the surgeon. Moreover, this

Pack of 3 Iris Scissors 3.5″ and 4.5″ Straight+Curved+Angled German Grade Stainless Steel Dental Surgical Veterinary Instruments

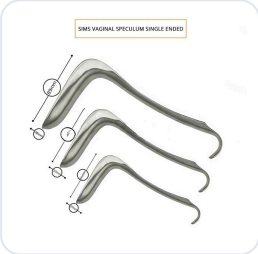

Iris Scissor is a specialized instrument that was originally used to dissect the delicate tissues of the eye during ocular surgeries. It is now commonly preferred by surgeons for sharp dissection of sensitive tissue in Neuro, Plastic and general surgeries. Iris Scissor comes with pointy tips that are ideal for sharp dissection of tissues. Available in Straight and Curved variations.

IRIS SCISSORS FEATURES

IRIS SCISSORS: The straight, curved angled blades 3 Pcs Iris Scissors Set are designed for clean dissection and deep tissue access. Iris Scissors have adjustable screw, long body shank with big ring handles. They are great for sutures + dissection studies as well as for many other procedures like ophthalmic, often used in emergency rooms and for OB/GYN and dermatologic procedures as well.
STAINLESS STEEL CONSTRUCTION: The german grade stainless steel construction ensures maximum durability and dependability. You can reuse these scissors over time as they will not bend or tarnish on you. High quality stainless steel, excellent international quality standard.
ULTRASONIC CLEANED + AUTOCLAVABLE: To add even more value to our durable, long lasting iris scissors, they are ultrasonic cleaned and fully autoclavable. You can reuse

Set of 3 Sims Vaginal Speculum Single Ended Small, Medium, Large

$49.99 per piece

Trade price from **$45.99**
Minimum order 21 pieces

✓ Surgical-grade stainless steel ✓ Reusable, autoclavable
✓ OEM / private-label marking

Set of 3 Sims Vaginal Speculums – Single Ended – Small, Medium & Large Stainless Steel Gynecology Surgical Instruments

Sims' Vaginal Retractor Single Ended is a single-bladed gynecology surgical instrument used for examining the vagina and cervix. Sims' speculum inserted into the vagina to retract posterior vaginal wall. It gives more exposure to the vaginal walls than Cusco's Speculum and therefore is preferred for gynecological surgeries. it is possible to slide the instrument around the vaginal wall to enable better visualization. The groove in the middle of Sims' speculum allows free flow of secretions and blood to the outside, thereby keeping the area dry. Sims' single ended vaginal speculum available in various sizes.

SIMS SINGLE ENDED VAGINAL SPECULUM FEATURES

BEVELED BLADES FOR BETTER VISUALIZATION: SIMS Vaginal Speculum is a manual speculum that is held by the surgeon to visualize the cervix. It is single-bladed with a flat hook handle widely used to open the vaginal canal for easy access and a better view during surgical procedures.
LONG HANDLE FOR COMFORTABLE GRIP: The versatile groove in the middle of the instrument allows free blood flow and secretions, thereby keeping the area clean and dry. The variations in styles and sizes make this instrument perfect for various vaginal dimensions.

Shoulder Arthroscopy Surgical Instrument Set 22-Piece

$600.00 per piece

Trade price from **$350.00**
Minimum order 1 set

✓ Surgical-grade stainless steel ✓ Reusable, autoclavable
✓ OEM / private-label marking

Material	Stainless steel — we state the grade on your quotation
Reusable	Yes, autoclavable
Finish	Satin, mirror or black — your choice at order
Marking	Your logo or part number can be applied — ask us what is possible for this item
Lead time	Typically 15–30 days depending on quantity and marking

ABOUT THIS INSTRUMENT

Shoulder Arthroscopy Surgical Instrument Set 22-Piece is part of our surgical instruments range, produced start to finish at our Sialkot facility. Instruments of this type cover a complete procedure in one tray, so nothing is missing at the table. Supplied as a set — the contents can be adjusted to your list.

We work the instrument by hand at the finishing stage — box locks, hinges and tips are set individually, which is what separates a good instrument from a cheap one. Listed at $600.00, falling to $350.00 at 1 set — about 42% off the single-unit price. Larger quantities are priced on request.

We ship door to door worldwide, and can quote DDP if you would rather not handle the import yourself.

Stainless Steel Blepharoplasty Instruments Set / Plastic Surgery is part of our surgical instruments range, produced start to finish at our Sialkot facility. Instruments of this type cover a complete procedure in one tray, so nothing is missing at the table. Supplied as a set — the contents can be adjusted to your list.

We work the instrument by hand at the finishing stage — box locks, hinges and tips are set individually, which is what separates a good instrument from a cheap one. Listed at $84.00, falling to $76.00 at 1 set — about 10% off the single-unit price. Larger quantities are priced on request.

We ship door to door worldwide, and can quote DDP if you would rather not handle the import yourself.

Material	Stainless steel — we state the grade on your quotation
Reusable	Yes, autoclavable
Finish	Satin, mirror or black — your choice at order
Marking	Your logo or part number can be applied — ask us what is possible for this item
Lead time	Typically 15–30 days depending on quantity and marking

ABOUT THIS INSTRUMENT

Stainless Steel Cardiovascular Surgery Instrument Set is part of our surgical instruments range, produced start to finish at our Sialkot facility. Instruments of this type cover a complete procedure in one tray, so nothing is missing at the table. Supplied as a set — the contents can be adjusted to your list.

We work the instrument by hand at the finishing stage — box locks, hinges and tips are set individually, which is what separates a good instrument from a cheap one. Listed at $300.00, falling to $295.00 at 1 piece — about 2% off the single-unit price. Larger quantities are priced on request.

Small trial orders are welcome — most buyers start with a sample or a single carton before committing.

WI-46276049

Stainless Steel Coral Fragging Tool Set for Reef

$45.00 per piece

Trade price from **$33.00**
Minimum order 2 sets

✓ Surgical-grade stainless steel ✓ Reusable, autoclavable
✓ OEM / private-label marking

Material	Stainless steel — we state the grade on your quotation
Reusable	Yes, autoclavable
Finish	Satin, mirror or black — your choice at order
Marking	Your logo or part number can be applied — ask us what is possible for this item
Lead time	Typically 15–30 days depending on quantity and marking

ABOUT THIS INSTRUMENT

Stainless Steel Coral Fragging Tool Set for Reef is an instrument set we forge, grind and finish in our own Sialkot workshop. Instruments of this type cover a complete procedure in one tray, so nothing is missing at the table. Supplied as a set — the contents can be adjusted to your list.

The steel is heat treated and passivated for corrosion resistance, then each instrument is checked by hand for jaw meet, smooth action and finish. We state the grade we used on your quotation. Listed at $45.00, falling to $33.00 at 2 sets — about 27% off the single-unit price.

Larger quantities are priced on request. Tell us the quantity you actually need and we will price it, including quantities below the listed minimum.

WI-17060607

Stainless Steel Gynecological Obstetric Surgical Delivery Instruments

$200.00 per piece

Trade price from **$100.00**
Minimum order 1 set

✓ Surgical-grade stainless steel ✓ Reusable, autoclavable
✓ OEM / private-label marking

ABOUT THIS INSTRUMENT

Stainless Steel Gynecological Obstetric Surgical Delivery Instruments — one of 4,770 instruments we manufacture ourselves rather than buy in. Instruments of this type cover a complete procedure in one tray, so nothing is missing at the table.

Each unit is inspected by hand for alignment and action before packing, and we can photograph your actual pieces before they ship. Listed at $200.00, falling to $100.00 at 1 set — about 50% off the single-unit price.

Larger quantities are priced on request. Order it on its own or as part of a mixed shipment; we do not insist on a full container.

Material	Stainless steel — we state the grade on your quotation
Reusable	Yes, autoclavable
Finish	Satin, mirror or black — your choice at order
Marking	Your logo or part number can be applied — ask us what is possible for this item

Stainless Steel Suture Practice Kit Wound Suturing

$4.50 per piece

Trade price from **$4.20**
Minimum order 50 sets

✓ Surgical-grade stainless steel ✓ Reusable, autoclavable
✓ OEM / private-label marking

ABOUT THIS INSTRUMENT

Stainless Steel Suture Practice Kit Wound Suturing is part of our surgical instruments range, produced start to finish at our Sialkot facility. Instruments of this type cover a complete procedure in one tray, so nothing is missing at the table. Supplied as a set — the contents can be adjusted to your list.

Every piece is hand-finished and inspected before it leaves the bench: joint action, tip alignment and surface finish are checked on each unit, not on a sample. Listed at $4.50, falling to $4.20 at 50 sets — about 7% off the single-unit price. Larger quantities are priced on request.

Tell us the quantity you actually need and we will price it, including quantities below the listed minimum.

Material	Stainless steel — we state the grade on your quotation
Reusable	Yes, autoclavable

WI-28539696

Stainless Steel Suture Practice Training Kit

$12.00 per piece

Trade price from **$10.00**
Minimum order 1 set

✓ Surgical-grade stainless steel ✓ Reusable, autoclavable
✓ OEM / private-label marking

ABOUT THIS INSTRUMENT

Stainless Steel Suture Practice Training Kit is an instrument set we forge, grind and finish in our own Sialkot workshop. Instruments of this type cover a complete procedure in one tray, so nothing is missing at the table. Supplied as a set — the contents can be adjusted to your list.

We work the instrument by hand at the finishing stage — box locks, hinges and tips are set individually, which is what separates a good instrument from a cheap one. Listed at $12.00, falling to $10.00 at 1 set — about 17% off the single-unit price. Larger quantities are priced on request.

We ship door to door worldwide, and can quote DDP if you would rather not handle the import yourself.

Starter Rubber Dam Kit of 11 Dental Surgical

$21.99 per piece

Trade price from **$20.23**
Minimum order 21 pieces

✓ Surgical-grade stainless steel ✓ Reusable, autoclavable
✓ OEM / private-label marking

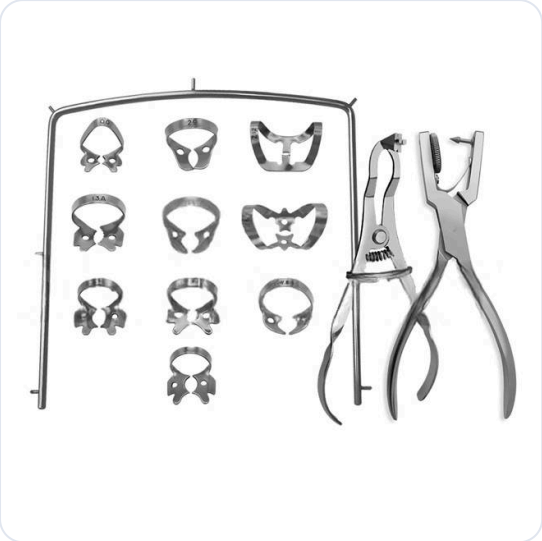

11 Pcs Rubber Dam Starter Kit with Frame, Ainsworth Rubber Dam Punch, Lightweight Rubber Dam Forceps & Clamps Premium Quality Endodontic Dental Instruments.

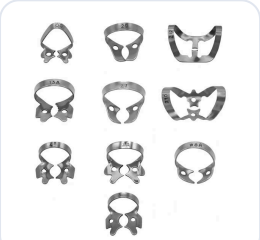

Dental dam or rubber dam is used in dentistry to isolate the operative site (one or more teeth) from the rest of the mouth. Rubber Dam used mainly in endodontic, fixed prosthodontics (crowns, bridges), and general restorative treatments. Rubber dam clamps main purpose is both to prevent saliva from interfering with the dental work (e.g. contamination of oral micro-organisms during root canal therapy, or to keep filling materials such as composite dry during placement and curing), and to prevent instruments and materials from being inhaled, swallowed or damaging the mouth. In dentistry, the use of a rubber dam is sometimes referred to as isolation or moisture control. Rubber dam also protects the patient's airway from any materials which may fall into it during treatment.

Our 11 Pcs rubber dam starter kit comprises of all necessary tools used by dental professionals & Students. Made of medical grade stainless steel ensures high quality and performance.

11 PCS RUBBER DAM STARTER KIT INCLUDED

- 1 Pc Ainsworth Rubber Dam Punch 6.5″
- 1 Pc Ivory Light Rubber Dam Clamp Forceps 6.7″
- 1 Pc Rubber Dam Frame 6″

$6.00 per piece

Trade price from **$4.00**
Minimum order 10 sets

✓ Surgical-grade stainless steel ✓ Reusable, autoclavable
✓ OEM / private-label marking

Material	Stainless steel — we state the grade on your quotation
Reusable	Yes, autoclavable
Finish	Satin, mirror or black — your choice at order
Marking	Your logo or part number can be applied — ask us what is possible for this item
Lead time	Typically 15–30 days depending on quantity and marking

ABOUT THIS INSTRUMENT

We manufacture Surgical Suture Kit for general and specialty operating theatre use — made from bar stock to finished instrument in house. Instruments of this type cover a complete procedure in one tray, so nothing is missing at the table. Supplied as a set — the contents can be adjusted to your list.

The steel is heat treated and passivated for corrosion resistance, then each instrument is checked by hand for jaw meet, smooth action and finish. We state the grade we used on your quotation. Listed at $6.00, falling to $4.00 at 10 sets — about 33% off the single-unit price.

Larger quantities are priced on request. Tell us the quantity you actually need and we will price it, including quantities below the listed minimum.

U.S. Army Pattern Retractor 8.5" Set of 2 Double Ended

$29.99 per piece

Trade price from **$27.59**
Minimum order 21 pieces

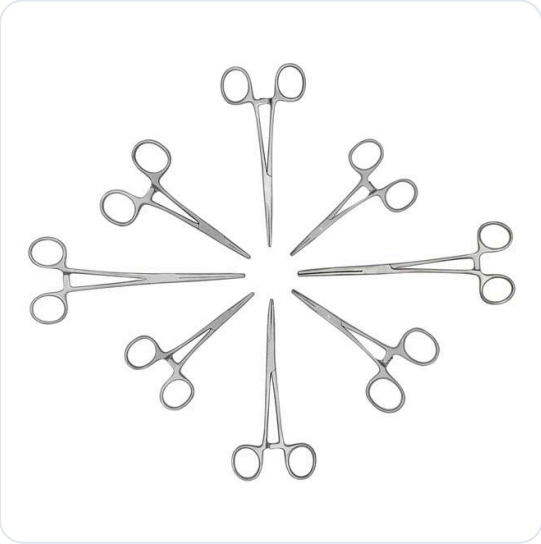

✓ Surgical-grade stainless steel ✓ Reusable, autoclavable
✓ OEM / private-label marking

U.S. Army Pattern Retractor 8.5" (21.6) Set of 2 Double Ended Curved Blunt Tips Blades with Central Fenestrated Handle – Premium Quality Stainless Steel Handhle Retractor for General, Orthopedic, Trauma and Plastic Surgery Procedures.

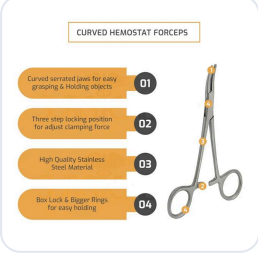

U.S. Army Pattern Retractor, also known as the Army-Navy retractor, is a handheld, double-ended surgical instrument designed for retraction of tissues during small to medium incisions. It features a fenestrated handle with two blunt blades angled at 90 degrees, one often longer to suit various incision depths. Commonly used in pairs, this surgical retractor is essential in surgeries, including emergency settings, enhancing visibility while minimizing tissue trauma, and is frequently applied in general, orthopedic, and plastic surgery. U.S. Army Pattern Retractor, crafted from premium grade stainless steel, is fully compatible with all standard sterilization systems and surgical trays.

ARMY-NAVY RETRACTOR FEATURES

- Size: 8.50 Inch (21.6cm) Overall Length.
- Non-malleable Double-ended Design.
- Equipped with Two 90-degree Angled, Blunt Blades.
- Central Fenestrated Handle for Comfortable Handling.
- Primarily Used for Retracting Shallow or Small Incisions.

Ultimate Hemostat Set 8 Pcs Curved & Straight 3.5", 5", 5.5" & 7.25"

$19.99 per piece

Trade price from **$18.39**
Minimum order 21 pieces

✓ Surgical-grade stainless steel ✓ Reusable, autoclavable
✓ OEM / private-label marking

8 Pcs Straight & Curved Ultimate Hemostat Forceps Set (3.5", 5", 5.5" & 7.25") – Ideal for EMT, Dental, Hobby, Fishing

This pack of 8 Hemostat Forceps are very useful for Sewing, Fishing, Copy Machines, Cactus Pruning, Pet Tick Removal, Hobby Projects, Electronic Repair, Taxidermy, Fly Fishing/Fish Hook Removal, Reptile Feeding, Model Building and so much more.

Hemostat widely called (Hemostatic Clamp, Arterial Forceps, Or Pean) is the best Surgical tool used to control bleeding by clamping and holding blood vessels so cauterization or ligation can be performed. When they are used to control blood flow, they are called hemostats. Hemostats are typically used to compress blood vessels or other tubular structures to obstruct the flow of blood or fluids.

Hemostats are available in curved and straight varieties with a locking mechanism. The Hemostat belongs to a group of instruments that looks similar to scissors because of its ring handle but it has a locking mechanism called a ratchet, which is used for clamping. They come in a variety of sizes depending on the application. For example, Mosquito hemostats clamp small blood vessels, and Kelly hemostats can be used to clamp larger vessels or grasp tissue. Kelly hemostats and Rochester forceps look similar. However, Kelly hemostats have shorter serrations. Rochester hemostats can reach a little deeper.

Van Buren Urethral Sounds 11″ Single Ended J Shaped Curved Tip Set of 14 Pcs Uterine Dilators with Carrying Case Brand New Excellent Quality Medical OB/GYN Surgical Instruments.

The Van Buren Urethral Sound is used for dilation of the urethra to look for obstructions. It is available in a variety of diameters for a range of cases. Medical staff sued this specialized urology device to broaden the urethra, dislodge stones and restore the urinary flow. The Van Buren Dilator Sounds are approximately 11″ inches long with a J-shaped curve near the tip. The sizing range from 8FR to 34FR in increments of 2FR. These are known to be used well for beginners because the J jape prevents the sound from slipping in to far, and they have a moderate diameter.

This starter sounding kit have Sounds of varying diameters included.

VAN BUREN DILATOR SET INCLUDES:

- 1 Pc Van Buren Urethral Sound 11″ J-Shaped Curved, 8FR
- 1 Pc Van Buren Urethral Sound 11″ J-Shaped Curved, 10FR

ABOUT THIS INSTRUMENT

Waqar International 3 Pcs Vienna Nasal Speculum Set ENT Instruments is an instrument we forge, grind and finish in our own Sialkot workshop. The steel is heat treated and passivated for corrosion resistance, then each instrument is checked by hand for action and finish.

Listed at $25.99, falling to $23.91 at 21 pieces - about 8% off the single-unit price. Larger quantities are priced on request.

Small trial orders are welcome — most buyers start with a sample or a single carton before committing.

Wound Debridement Instrument Set Complete Medical Surgery Kit

$8.00 per piece

Trade price from **$5.00**
Minimum order 10 sets

✓ Surgical-grade stainless steel ✓ Reusable, autoclavable
✓ OEM / private-label marking

Material	Stainless steel — we state the grade on your quotation
Reusable	Yes, autoclavable
Finish	Satin, mirror or black — your choice at order
Marking	Your logo or part number can be applied — ask us what is possible for this item
Lead time	Typically 15–30 days depending on quantity and marking

ABOUT THIS INSTRUMENT

This is our pattern of Wound Debridement Instrument Set Complete Medical Surgery Kit, made for general and specialty operating theatre use. Instruments of this type cover a complete procedure in one tray, so nothing is missing at the table. Supplied as a set — the contents can be adjusted to your list.

Every piece is hand-finished and inspected before it leaves the bench: joint action, tip alignment and surface finish are checked on each unit, not on a sample. Listed at $8.00, falling to $5.00 at 10 sets — about 38% off the single-unit price. Larger quantities are priced on request.

Order it on its own or as part of a mixed shipment; we do not insist on a full container.
